

USE OF SCHOOL FACILITIES

Policy

The school district will permit use of school facilities by educational, political, literary, cultural, religious, scientific, civic or recreational community organizations provided that:

1. The intended use of the facility by the organization meets certain established criteria; and
2. When required, a previously established fee is paid by the organization.

Providing every student with the best education possible is the primary function and responsibility of the board. Therefore, school-related functions will be given priority when it is necessary to use school facilities. However, the board is also vitally interested in helping out-of-school activities which support and supplement the efforts of this school district.

School facilities are often useful in carrying on the activities of various non-school organizations. Since many constructive educational activities take place outside the classroom, the administration should do as much as possible to encourage and aid the commendable efforts of many parents and citizens who work with youth to attain objectives which are similar to the goals of this school district.

Procedures for Use of School Facilities

Application

All organizations must make application in writing on a provided application form to the superintendent's office at least ten (10) days prior to the date of the meeting requested.

If the organization's request is one with regularly occurring dates, approval may be given for the entire schedule. Should a conflict develop with a school activity, the school district reserves the right to cancel the permission granted or to require a change to a mutually satisfactory date and time.

Although application by a minor is not acceptable, this does not prohibit the use of school premises by them, provided the application is made by a competent adult who will supervise and be responsible for the group.

Permitted Use

Permission for use of school facilities belonging to this school district may be granted to educational, political, literary, cultural, religious, scientific, civic or recreational

organizations for purposes and programs which:

1. Are beneficial to the youth of the school district and to the programs of the school district; and
2. Do not result in an increased monetary burden on the citizens of the school district.

Priority Use

The superintendent or his/her designee is to determine whether the proposed use of the building will conflict with scheduled school programs and is to monitor the building for signs of misuse or abuse.

Prohibited Use

School facilities will not be used for:

1. Meetings which promote subversive teachings and doctrines contrary to the spirit of American institutions;
2. Activities tending to cause unrest in the community or which reflect upon or promote discrimination against citizens of the United States because of race, color, sex, pregnancy, gender, gender expression or identity, national origin, religion, disability, veteran status, sexual orientation, age, or genetic information;
3. Any activity that may be destructive or injurious to the buildings, grounds or equipment; or
4. Any purpose in conflict with school objectives.

Payment in Advance

All payments for the use of school facilities must be received at the office of the superintendent at least 72 hours in advance of the meeting time.

Responsibility of Applicant

The applicant and his/her organization will be held responsible for the proper use of the building, for payment for the use of school facilities, for the conduct of persons attending the meeting, and will see to it that activities are confined to the areas requested and to the hours agreed upon in the application. The applicant will indemnify the school district for any theft, loss or damage to school property over and above normal wear which might be expected from his/her use thereof, and will make prompt payment for such theft, loss or damage. An indemnity bond or a deposit may be required if circumstances warrant. It is required that users of school facilities will see that the activities are conducted at all times under competent adult supervision. The superintendent or his/her designee will be the judge of unwarranted damages to the school property.

All rooms or areas will be left in as good condition as they were found, except the usual accumulation resulting from normal building use. No applicant may sublet any part of the

building area named in the application request. All applications for repetitious use of the school facilities will be renewed at the beginning of each school year and are subject to review by the superintendent.

Users of school property must assume responsibility for the safety and protection of the audience, workmen and participants to the extent required by law. The superintendent has the right to require minimum limits of public liability and property damage insurance for all groups using any school facility, and to require that there be evidence presented to the superintendent in the form of a certificate of insurance, showing Independent School District No. 74 of Muskogee County, Oklahoma, as an additional named insured.

Time Limits

The superintendent of schools shall approve times for all meetings on school property.

Cancellations

Requests for cancellation of the use of school facilities must be received at least 24 hours in advance of the meeting time. Failure to do so will obligate the applicant and his/her organization to pay for all custodial and such other expenses as are incurred in opening the building for his/her use.

Cancellation of permission may be ordered whenever such action is deemed in the best interest of the school district. However, such cancellations will not be made except when unforeseen emergencies arise, and then with as much advance notice as possible. Permission may be canceled by the superintendent if conduct or infraction of regulations warrant.

Holidays

As a general rule school properties will not be available for use by outside organizations on school or national holidays. Should one or more meetings approved as a series of meetings fall on such days, such meeting dates will be automatically canceled for these days only. The superintendent may, in his/her best judgment, authorize limited exceptions to this rule for good cause shown.

Non-School Days

School facilities will be available on non-school days, such as weekends and summer months, provided proper application is made and approved by the superintendent and provided such use is not a conflict with use of the facilities by school organizations or students.

Charges

Charges made for use of school facilities are not rentals as that term is generally used, but are based on the cost of operating expenses that would not otherwise have been incurred, such as utilities, supplies, maintenance of facilities, custodial and cafeteria services, as well as clerical services necessary to process each application. Such reimbursement charges are subject to change as the superintendent may deem necessary. With prior permission of the board of education, a fee in excess of operating expenses may be charged to a facilities

user if such user is using school property as a part of a profit-making operation. Such fee will be set by the board of education after recommendation of the superintendent.

Building Use Without Charge

School organizations such as student organizations, school employee groups and educational organizations, such as the OEA, school board organizations, etc., are granted building use without charge as long as such use does not conflict with regular school sessions.

No fee will be assessed against school-affiliated and youth-serving organizations for their regularly scheduled meetings, including but not limited to:

1. Parent-Teacher Association, booster clubs, band parents--monthly meetings (afternoon or night);
2. Cub Scouts--monthly pack and committee meetings (night);
3. Girl Scouts--weekly afternoon meetings and one monthly night meeting; and
4. Camp Fire Girls--weekly afternoon meetings and one monthly night meeting.

Other groups may present information to the Superintendent so that he/she can establish whether they are school-affiliated and youth-serving organizations for whom fees will be waived for periodic meetings. If there should be additional meetings of the above-mentioned or other school-affiliated and youth-serving organizations, they will be charged for custodial services and/or cafeteria employee services as required, according to the regular fee as determined by the superintendent.

Organizations which qualify for use of meeting space without charge on weekdays will be charged regular rates for meetings held on Saturdays and Sundays, for weekday meetings which extend beyond 11:00 p.m., for use of recreational facilities such as gymnasiums and for all fund-raising activity meetings.

Custodial Care

A school custodian is assigned for continuous duty during the time the group will be using the school facility. The custodian will return to open the building prior to the time set for the meeting, arrange the requested facilities and serve as the official representative of the school district. No one except the qualified custodian will be allowed to operate or adjust equipment in the building. Upon conclusion of the meeting the custodian will clean, properly arrange the facilities and carefully inspect the premises before locking the building. For situations in which the meeting does not materialize and has not been previously canceled, the custodian will remain on duty for one hour after the requested starting time of the meeting and, if no word is received within that period indicating a later starting time, he/she will lock the building.

Custodians are instructed not to open any areas other than those required in the application. Additional space may be arranged by filing an additional application. Emergency needs may be requested by telephone.

Security

Uniformed officers must be on duty when so directed by the superintendent.

Alcohol, Drugs, Tobacco and Dangerous Weapons

The use or possession of alcoholic beverages, low-point beer or controlled substances (drugs) will not be permitted on school property. Organizations using school property for any purpose are expected to comply with district policy concerning the use of tobacco.

Dangerous weapons, including but not limited to firearms, are prohibited on school property, although individuals with a valid handgun license pursuant to the Oklahoma Self Defense Act may possess a firearm in the parking lot and may store that weapon in their vehicle in accordance with Oklahoma law. Individuals who have received prior permission from the principal may possess an inoperable weapon on the premises for participation in a school program, as long as the weapon remains inoperable while at school and the individual uses the weapon in accordance with the permission granted.

Athletic Activities

Permission for athletic activities involving the use of school facilities by non-school groups will be granted. Such groups may not use the apparatus and other special athletic equipment belonging to the school. Practice sessions will be allowed non-school groups provided such sessions do not involve the presence of spectators.

In those instances where team competition is involved, it must be clearly understood that no team sponsored by an organization other than the schools will be identified by name as representing any school in this district.

Apparatus and Equipment

Requests to use public address systems, projection equipment and screens, spotlights, stage sceneries, pianos and so forth will be included in the application. The costs of transparencies, gelatins, special scenery, and special lighting effects are to be paid by the using groups. All such equipment and properties will be operated, moved and controlled only by persons specifically designated by the principal.

As a precaution against fire, no request will be granted for the use of lighted candles or other actual flame equipment in connection with building usage.

Classroom apparatus, such as shop, science, physical education, home-making, music, business education, art laboratory, data processing equipment and athletic equipment which is regularly used for school instruction will not be available for use by non-school groups.

School equipment is not available for use off school premises unless it is beneficial to the district in carrying forward its programs.

Cafeterias

Use of cafeterias will be granted with or without use of kitchen facilities. No organization will have access to the cafeteria kitchen area unless the cafeteria manager is present and in

charge, together with such additional paid help from the cafeteria manager's staff as may be required. In planning an event which will use the cafeteria kitchen equipment, the area dietitian, the cafeteria manager, and whatever number of helpers they deem necessary, must all be involved in the planning, operation and supervision of such project. Because of the food supplies and expensive equipment, and because of the rigid requirements of health and sanitation authorities, the use of cafeteria facilities must be under the direct control of the cafeteria department.

Refreshments will be served only in cafeterias, unless other areas have been approved in writing by the principal.

Parking Lots

Parking lots are provided with the use of most school buildings. If use of only a parking lot is desired, application will be made as for use of any school facility. Parking areas are not reserved exclusively for groups using school buildings. Playgrounds will not be used for parking.

Use of School Buses

School buses may be used for "summer youth activities" as approved by the State Department of Education whenever such equipment is not available from commercial firms in the area, and whenever such use is beneficial to the youth of the district, provided such youth groups are adequately supervised by adults and provided further that all costs for such operations, including any damages to equipment and usual wear and tear, are defrayed by the using group. Only legally qualified drivers may drive school buses.

Use of School Grounds and Recreational Facilities

School grounds will be made available to the general public at times when they are not being used for school purposes. The general public has a responsibility not to cause damage to the property or become a nuisance to adjoining property owners and others in the neighborhood.

The board realizes that each case should be dealt with separately. However, the following regulations will serve as a guide:

1. School playgrounds may be used by organized athletic leagues when not in conflict with school programs, upon approval of application to use such facilities;
2. Approval of such application does not include uses of any building facilities. Application for use of restrooms may be made subject to advance payment of a standard charge;
3. No automobiles, motor scooters, motor bikes or other such licensed vehicles are to be driven on the playgrounds;
4. Sporting activities will be permitted as long as there is no damage to neighboring or school property; and

Use of School Buildings in Times of Emergency

At times when the district's facilities are already open, school buildings will be available to community members for shelter in the event of severe weather. Any individual wishing to seek shelter during an emergency weather situation must report to the principal's office.

Church Services

Church services by established religious groups may be scheduled in school facilities on a temporary basis due to emergency situations or to early organizational efforts of such groups to build or expand a church facility. Under no circumstances will such usage be beyond one (1) calendar year from first usage.

Concessions

Concession rights at all school facilities are reserved for this school district. These may be assigned to school organizations upon request or may be contracted by outside vendors.

Interpretation of the Policy and Procedures

The superintendent shall interpret and enforce all provisions of this policy and procedures. The superintendent's interpretation shall be final unless at least two board members direct that the issue be brought to the board of education for review.

SALE OF SCHOOL DISTRICT SURPLUS PROPERTY

Real Property

When district-owned real estate is no longer needed for public school purposes, the board of education may declare the property to be surplus to the needs of the district. Following such a declaration surplus real estate may be sold at any time using the following procedure:

1. Prior to requesting bids for a property, the district will have the property appraised by at least two (2) disinterested, qualified, independent appraisers chosen by the superintendent of schools. If the superintendent deems it appropriate additional appraisals may be obtained. All appraisals will be confidential until after the property is sold. When the property is sold, all appraisals will be made available for public inspection. Any appraisal must be made within six (6) months of the date on which the property is offered for public bid.
2. The superintendent will prepare a notice to bidders advising that sealed bids for the purchase of a property will be received by the district at a time and place designated in the bid notice. The bid notice will require each bidder to state, in his or her bid, the intended use of the property. This use may be a factor in determining the successful bidder.
3. The bid notice will be published at least ten (10) days prior to the bid opening in at least one (1) issue of a newspaper of general circulation in the county in which the property is located. The bid notice may be published in additional newspapers or advertised by additional means at the discretion of the superintendent or by direction of the board of education.
4. The bids will be opened at the time and place specified in the bid notice and the bids will be referred to the board of education for acceptance or rejection. The board of education will reserve the right to reject any and all bids or to accept any particular bid.
5. Surplus real estate will not be sold at private sale unless the real estate has first been offered for sale by public sale or public bid and all such bids have been rejected.
6. Surplus real estate will not be sold at a public or private sale for less than 75% of the appraised value as determined by averaging the property appraisals.
7. Any conveyance of real estate by private sale to a non-profit organization, association, or corporation to be used for public purposes, unless for exchange, will contain a reversionary clause which returns the real estate to

the district upon cessation of the use without profit or for public purposes by the purchaser or the assigns of the purchaser.

Personal Property

District owned property, other than real estate, is considered school personal property (equipment, furniture, etc.). When district-owned personal property is no longer needed, the board may declare the property to be surplus to the needs of the district. Following such a declaration, surplus personal property may be disposed of using the following procedure:

1. The board must declare the property surplus during a regular or special board meeting. The meeting agenda (or an attachment to the agenda) must contain a description of all property to be declared surplus.
2. After the board has declared the property surplus, the superintendent is authorized to use the most economical and beneficial means to dispose of the property. These methods may include sale (public auction, written bids, online services, etc.), trade, salvage/scrap, discard, or any other means the superintendent determines to be appropriate based on the condition of the property and the totality of the circumstances. If property is sold or traded, the district must receive reasonable compensation.
3. The superintendent or designee will maintain records regarding disposition of surplus property for five (5) years from disposition of the property.
4. Surplus computers, copiers, and other electronics that store data must be either electronically wiped clean or have the hard drive destroyed so that any sensitive or confidential information (social security numbers, health information, personal identification information, school financial information, licensed software, etc.) cannot be recovered from the equipment.
5. Partner school districts may be given an opportunity to take any needed surplus personal property.
6. School board members (and their second-degree relatives) are prohibited by state law from purchasing property from the district.
7. District employees (and members of their immediate families) who recommend that property be declared surplus are prohibited from obtaining the surplus property either directly or indirectly.

The superintendent shall report to the board regarding the current maintenance and improvement program.

**USE OF BUSES
OTHER THAN REGULAR TRANSPORTATION OF PUPILS**

School buses may be used for activity trips, extra-curricular activities and any field trips. Requests for transportation vehicles for those purposes should be made one week in advance.

1. Requests for a bus will be presented to and approved by the superintendent.
2. Activity sponsors, teachers and coaches are responsible for picking up litter or trash at the conclusion of each activity trip.
3. Any person using district equipment or vehicles for personal use may be subject to disciplinary action, which could include termination or dismissal.

LOANING OF SCHOOL EQUIPMENT

Loaning of school equipment is prohibited by all school employees, other than the superintendent. When a staff member is requested by individuals or groups to loan district-owned equipment, such individuals or groups will be referred to the superintendent.

Individuals or groups borrowing school equipment will sign a request form stating:

1. The item and quantity borrowed;
2. When the borrowed item or items will be returned;
3. The condition of the item or items borrowed;
4. An assurance statement that the borrower will reimburse the district for any damages incurred while the item or items are on loan; and
5. An assurance that the borrower will accept the superintendent's appraisal of the dollar value of the damages incurred while on loan.

INVENTORIES

Inventories must be maintained by all personnel of the Warner Public Schools should it become necessary to file claims arising from fire, theft or storm damage.

A separate furniture and equipment list must be used for each room of the building, listing all items of furniture and equipment that are movable or portable.

Building inventories are the responsibility of the superintendent. Classroom inventories are the responsibility of the teachers.

Furniture and equipment inventories must be submitted to the superintendent on October 1 and June 1 of each school year.

**POLICY IMPLEMENTING THE
“PATRIOTIC ACCESS TO STUDENTS IN SCHOOLS ACT (PASS ACT)”**

Pursuant to Enrolled House Bill Number 1715 creating the “Patriotic Access to Students in Schools Act (PASS Act)” enacted during the 2017 regular session of the Oklahoma State Legislature, beginning with the 2017-2018 school year, the school district is required to permit use of school facilities by any youth group listed as a patriotic society in Title 36 of the United States Code (“Patriotic Youth Society”).

Under the PASS Act, the District is required to permit, during non-instructional time, a Patriotic Youth Society the use of any school building or property to provide services allowing students to participate in activities provided by the Patriotic Youth Society.

Additionally, the PASS Act requires the principal of each public school to allow representatives of a Patriotic Youth Society the opportunity to speak with and recruit students to participate in their organization during school hours to inform students of how the Patriotic Youth Society may further the students’ educational interests and civic involvement to better their school, communities and themselves. No student shall be required to attend such a presentation and any presentation scheduled during school hours shall occur only during non-instructional periods.

The Patriotic Youth Society shall provide oral or written notice to the principal of a school district site regarding its intent to speak to students during non-instructional periods during school hours, and the principal shall provide oral or written approval of the specific day and time and place for the Patriotic Youth Society to address the students.

USE OF SECURITY CAMERAS

Policy Statement:

1. Security cameras may be installed in situations and places where the security of either property or people would be enhanced.
2. When appropriate, cameras may be placed throughout the District, inside and outside of District buildings or vehicles.
 - a. Cameras will be used in a manner consistent with all existing District policies; and
 - b. Camera use will be limited to situations that do not violate the reasonable expectation of privacy as defined by law. Generally, an individual has no reasonable expectation of privacy in public places or common areas, including, but not limited to:
 - Classrooms
 - Offices
 - Hallways
 - Parking lots
 - Cafeterias
 - District owned or leased transportation

Policy Purpose:

1. The purpose of this policy is to regulate the use of security cameras.
2. The function of security cameras is to assist in protecting the safety and property of the District.
3. The primary use of security cameras will be to record images for future identification of individuals involved in criminal activities.

Policy Requirements:

1. The following individual(s) is/are designated to be involved with, or have access to, District security camera data:

Superintendent
Site Administrators
Transportation Director
Warner Public Schools
1012 5th Avenue

2. When an incident is suspected to have occurred, the individual designated under paragraph 1 of this section may review the images from the security camera data.
3. No video data may be copied, e-mailed, downloaded or otherwise distributed without prior authorization.
4. An automated log will be maintained documenting access of authorized users to the data stored in the District's video security system.
5. The installation of new security cameras must be approved in advance by the Superintendent. The Superintendent may authorize the use of security cameras when he/she deems the use in the best interest of the District.
 - a. Once approved, new security cameras, except in limited instances approved by the Superintendent, must connect to the District's centralized security system which will be maintained by the IT Department.
6. No employee, student, staff, administrator, media or member of the public is allowed to install or conceal camera devices in or around District property.
7. Any person acting to remove, alter, bypass, disconnect or otherwise affect the operation of any camera or monitor installed in, or around, District property or vehicles without the express prior approval of the Superintendent, or who violates this policy, will be subject to disciplinary or other adverse action including, but not limited to, removal from District property and prosecution.

School Buses and District Vehicles:

In furtherance of the District's School Bus Safety Program, the District may install and operate a video-monitoring system in or on its school buses or bus stop-arms, or contract with a private vendor to do so on behalf of the District for the purpose of recording a violation of the following statutory requirement:

The driver of a vehicle meeting or overtaking a school bus that is stopped to take on or discharge school children, and on which the red loading signals are in operation, is to stop the vehicle before it reaches the school bus and not proceed until the loading signals are deactivated and then proceed past such school bus at a speed which is reasonable and with due caution for the safety of such school children and other occupants. (Okla. Stat. tit. 47, § 11-705)

In the event the video-monitoring system captures a recording of a violation, appropriate personnel at the District shall extract data related to the violation from the recording. The extracted data shall include a recorded image or video of the license plate of the vehicle, an identifiable picture of the driver's face, the activation status of at least one warning device and the time, date and location of the vehicle when the image was recorded. For the purposes of this policy, "video-monitoring system" means a system with one or more camera sensors and computers installed and operated on a school bus that produces live digital and recorded video of motor vehicles being operated in violation of subsection A of this section.

The school district shall submit the extracted data for review to the law enforcement agency with jurisdiction in which the violation occurred. If the reviewing law enforcement agency determines there is sufficient evidence to identify the vehicle and the driver, such evidence shall be submitted to the district attorney's office for prosecution.

This policy also provides for the use of security cameras on District buses or District vehicles for disciplinary and security purposes. This policy will support efforts to maintain discipline and to ensure the safety and security of all students, staff, contractors and others being transported on District-owned, operated, or contracted buses or vehicles.

School bus means a motor vehicle that is designed to carry eleven (11) passengers or more, including the driver, and is used for the transportation of District students to or from other schools or events related to such schools or school-related activities.

The use of security cameras shall not place a duty on the District to regularly monitor live camera images and/or video or audio recordings, and it shall not place on the District any additional duty in regard to providing a safe facility.

A security camera will not necessarily be installed in each and every vehicle owned, leased, contracted and/or operated by the District, but cameras may be rotated from vehicle to vehicle without prior notice.

Notification Requirements:

Except in emergency or investigative situations, all locations with security cameras will have signs displayed that provide reasonable notification of the presence of security cameras.

Notification signs shall be placed in conspicuous areas in close proximity to the security cameras. For buildings with interior cameras, this shall include, at a minimum, the placement of signs at all primary building entrances. All such signs shall contain a notification that the cameras may or may not be monitored.

Students and staff will also receive additional notification at the beginning of the school year regarding the use of security cameras in the schools, on District vehicles and school grounds.

Related Policy Information:

1. Recorded security camera data must be retained for a period of at least 14 days unless retained as part of a criminal or civil investigation, court procedure, or other bona fide use;
2. Security camera data is not considered to be Directory Information and may be subject to confidentiality restrictions including, but not limited to, FERPA requirements.
 - a. Requests to release information obtained through security cameras must be submitted to the superintendent and approved prior to release.

Exclusions:
