

HAZCOM PROGRAM

The board of education values the health and safety of its employees and students, and the district will comply with all state and federal laws regarding the presence of hazardous chemicals at school. The board expects all individuals to use non-hazardous materials at school when feasible, to follow established safety procedures at all times, and to promptly report any suspected violations of this commitment to the district's transportation / facilities director.

The district's transportation / facilities director will develop, implement and maintain a comprehensive HazCom Program for use throughout the district. All district employees are required to participate in appropriate training on the new HazCom Program.

BLOODBORNE PATHOGEN EXPOSURE CONTROL PLAN

This plan delineates specific rules and procedures relating to protecting employees of the district from occupational exposure to bloodborne pathogens (e.g., Hepatitis B Virus ("HBV"), Human Immunodeficiency Virus ("HIV"), etc.) as required by law.

Employees who are occupationally exposed to bloodborne pathogens include those who are reasonably anticipated to have skin, eye, mucous membrane or parenteral contact with blood or other potentially infectious materials during the performance of their duties. Other infectious materials include: (1) the following human body fluids: semen, vaginal secretions, cerebrospinal fluid, synovial fluid, pleural fluid, pericardial fluid, peritoneal fluid, amniotic fluid and any body fluid that is visibly contaminated with blood or where it is difficult or impossible to differentiate between body fluids; (2) any unfixed tissue or organ from a human, living or dead; (3) HIV-containing cell or tissue culture, organ culture and HIV-or HBV-containing culture medium or other solutions; and blood, organs or tissues from experimental animals infected with HIV or HBV. Any exposure to feces, nasal secretions, breast milk, sputum, sweat, tears, urine, vomitus or saliva, which is not visibly contaminated with blood, does not routinely constitute a risk of transmission of HBV or HIV. Saliva, if injected through a human bite, may pose a risk of HBV transmission.

This Exposure Control Plan delineates rules and procedures to be followed by employees to comply with the OSHA Bloodborne Pathogens Regulation previously cited. Appendix A defines the terms used throughout this Plan.

Employee Exposure Determination

The likelihood of exposure to bloodborne pathogens among employees of the district varies among divisions and job classifications. Most job classifications within the district have no increased potential for occupational exposure to blood or potentially infectious materials as defined by the OSHA Bloodborne Pathogens Regulation.

Appendix B lists all district employee exposures to bloodborne pathogens by job classification and specific groups of occupational tasks. All potential exposures to blood and potentially infectious materials listed in the tasks shown in Appendix B are based upon risks incurred without the use of personal protective equipment. Based upon this analysis, the district has determined that the following groups of employees are likely to have occupational exposure to bloodborne pathogens: school nurse, custodians and coaches/P.E. instructors. These employees will receive the training and will be offered the Hepatitis B vaccinations as required by the OSHA Bloodborne Pathogens Regulation. The district will review this Exposure Control Plan and the exposure potential for specific jobs and occupational tasks shown in Appendix B annually or when new or modified tasks or procedures for job positions within the district alter potential occupational exposures.

Methods of Compliance with Regulation

Because some tasks present the potential for employee exposure to blood and other potentially infectious materials, a number of engineering and work-practice controls have been adopted to minimize such exposures. Universal precautions are observed throughout the district to prevent contact with potentially infectious materials. Employees should consider all body fluids as potentially infectious because it is often difficult to differentiate between body fluid types. Where occupational exposure exists despite compliance with engineering and work practice controls, the use of appropriate personal protective equipment is required, which varies with the specific work tasks involved.

Engineering controls, including handwashing facilities, are maintained and replaced appropriately to insure their effectiveness. Any employee who observes an ineffective or malfunctioning control item or equipment should take immediate appropriate action to replace, discontinue use of and/or seek repair of the item or equipment.

Handwashing

Handwashing by all exposed employees is required. The importance of handwashing as the primary prevention of contamination cannot be overemphasized. It is the single most important means of preventing the spread of infection. Handwashing facilities are interspersed throughout each school building.

All employees of the district who have routine occupational exposure are provided with antiseptic handcleaner for disinfection purposes when handwashing is not immediately feasible. However, handcleaners are not provided with the intent of substituting for handwashing. Employees should wash hands with soap and water as soon as possible following use of such antiseptic handcleaners. Employees are also required to wash their hands immediately after removing gloves or other personal protective equipment. Employees must insure that hands and any other skin which becomes contaminated with blood or other potentially infectious material are immediately washed with soap and water and that any mucous membrane exposed to blood or other potentially infectious material is flushed with water as soon as possible.

Protection of Food, Drink, Etc.

Eating, drinking, smoking, applying cosmetics or lip balm and handling contact lenses is prohibited in work areas of the district where any risk of occupational exposure exists. The storage of food and drink in refrigerators, freezers or cabinets or on shelves, countertops or benchtops where blood or other potentially infectious materials are present is also prohibited.

Personal Protective Equipment

The district provides appropriate personal protective equipment, including gloves, gowns and other appropriate devices, at no cost to any employee with occupational exposure. Appropriate personal protective equipment is that equipment which does not permit blood or other potentially infectious materials to pass through to the employee's work clothes, street clothes, skin, eyes, mouth or other mucous membranes under normal use and for the duration of time the protective equipment is in use.

All occupationally exposed employees of the district are required to use appropriate personal protective equipment. The only exception to this requirement allowed by the

OSHA Bloodborne Pathogens Regulation might occur when the employee temporarily and briefly declines use of the equipment when "under rare and extraordinary circumstances, it [is] the employee's professional judgment that in the specific instance its use would have prevented the delivery of health care or public safety service or would have posed an increased risk to the safety of the worker or co-worker." When such a judgment is made, the circumstances will be investigated and documented to determine whether changes should be instituted to prevent future recurrence.

Personal protective equipment appropriate for the work tasks in each division are readily accessible at the work site for all employees. Cleaning and laundering of reusable personal protective equipment is provided by the district through an outside vendor. Contaminated laundry is disposed of in the appropriate biohazard laundry containers provided by that vendor. Disposable personal protective equipment (e.g., disposable gloves) are discarded in sealed plastic bags.

If a garment becomes penetrated by blood or other potentially infectious materials during the course of its use, it should be removed immediately, or as soon as feasible, and disposed of appropriately. All personal protective equipment must be removed prior to leaving the work area.

Gloves

Latex or vinyl gloves will be worn when it is reasonably anticipated that the employee will have hand contact with blood or other potentially infectious materials, mucous membranes or non-intact skin and when touching contaminated items or surfaces. Disposable (single use) gloves must be replaced as soon as practical when contaminated or when they are torn, punctured or their ability to function as a barrier is compromised. Disposable gloves are not to be washed or decontaminated for reuse.

Utility gloves, such as those used in housekeeping, sterilization and clean-up activities, may be decontaminated for reuse if the integrity of the glove is not compromised, but they must be discarded if they are cracked, torn, punctured or exhibit signs of deterioration. Hypoallergenic gloves or glove liners or powderless gloves are provided to employees who are allergic to the gloves normally provided. Employees with contact dermatitis caused by gloves may find protective skin creams helpful in preventing further irritation.

Protective Body Clothing

Appropriate body clothing must be worn in occupational exposure situations. The types and characteristics of the protective clothing depend upon the task and degree of exposure anticipated. The need for protective body clothing will be rare in the school environment.

Masks, Eye Protection and Face Shields

Because no employees engage in occupational activities in which splashes, spray, splatter or droplets of blood or other potentially infectious materials are likely to be generated and eye, nose or mouth contamination can be reasonably anticipated, masks, eye protection and face shields are not provided.

Housekeeping

Worksites which are subject to contamination by blood and other potentially infectious materials are maintained in clean and sanitary condition by the designated custodial staff

who have cleanup responsibility. Appendix C presents the written cleaning and decontamination schedules for the nurse's office.

All equipment, environmental and working surfaces are cleaned and decontaminated after contact with blood or other potentially infectious materials upon completion of procedures and immediately, or as soon as feasible, when surfaces are overtly contaminated or following any spill of blood or other potentially infectious materials. All work surfaces are cleaned and decontaminated at the end of each workshift if the surfaces have become contaminated since the last cleaning. One or more of the following solutions are to be used in disinfection of work surfaces, countertops and equipment: commercially-prepared germicidal disinfectants; commercially prepared disinfectants with an isopropyl alcohol content of 40% to 70%; commercially-prepared disinfectants with a hydrogen peroxide content of 3%; or an individually-prepared solution of one part chlorine bleach to ten parts water. Cleaning and disinfection of floors and walls may be accomplished using commercial cleaning formulations containing quaternary ammonia.

Bins, pails, cans and other similar receptacles intended for re-use that have a potential for becoming contaminated with blood or other potentially infectious materials are inspected and decontaminated on a regular basis and immediately, or as soon as feasible, upon visible contamination.

Spill Cleanup

Spill cleanup requires the use of appropriate protective equipment including gloves, as appropriate. Spills are cleaned up by the individual responsible for the spill in most cases. Appendix D details specific procedures for biological spills cleaning and decontamination.

Broken glassware which may be contaminated is not picked up directly with the hands. Cleanup is effected using mechanical means such as a brush and dust pan. Contaminated broken glassware is discarded in sealed plastic bags.

Waste Disposal

Disposal of waste contaminated with blood or other potentially infectious materials is in sealed plastic bags with the district's other non-regulated waste.

Laundry

All contaminated laundry generated by exposed employees of the district is bagged or containerized at the location where it is used in appropriately labeled containers. Heavily soiled laundry is bagged in leak-proof plastic bags before being placed in laundry containers, if appropriate. The district contracts with an off-site commercial laundry company for laundry services. Laundry is not sorted, rinsed or processed in any other manner on site. Employees who have contact with contaminated laundry wear protective gloves and other appropriate personal protective equipment.

Hepatitis B Vaccination

Each district employee who has occupational exposure is offered the Hepatitis B vaccine series within ten (10) days of initial work assignment and after he or she has received the required training unless the employee has previously received the vaccination series, antibody testing has revealed immunity or the vaccination is contraindicated for medical reasons. The district will provide the health care professional responsible for the

employee's Hepatitis B vaccination with a copy of the OSHA Bloodborne Pathogens Regulation. Vaccinations are performed by or under the supervision of a licensed physician or by or under the supervision of another licensed health care professional in accordance with U.S. Public Health Service recommendations during normal working hours, at a reasonable location and at no cost to the employee. Participation in a prescreening program is not a prerequisite for receiving the Hepatitis B vaccination. Employees who decline to accept the Hepatitis B vaccination are required to sign the declination statement included as Appendix E to this Plan.

Any employee who initially declines the Hepatitis B vaccination, but at a later date decides to accept the vaccination, is provided the vaccination at that time without cost. Any future recommended routine booster, dose or doses of Hepatitis vaccine recommended by the U.S. Public Health Service will also be provided to exposed employees without cost.

The Hepatitis B vaccination record or signed declination statement is maintained in each employee's confidential medical record in the office of the superintendent (see Recordkeeping-Medical Records).

Post-Exposure Evaluation and Follow-Up

All district employees who experience an occupational exposure incident will complete the Incident Report attached as Appendix F immediately after the exposure, or as soon thereafter as feasible.

Each exposed employee is provided a confidential medical evaluation and follow-up, including prophylaxis, at no cost to the employee, by a licensed health care professional of the district's choice. As part of the post-exposure evaluation and follow-up, the routes of exposure and the circumstances under which the incident occurred is documented, including identification and documentation of the source individual, unless infeasible or prohibited by law, and testing of the source individual's blood and the exposed employee's blood is completed, as soon as feasible and after consent is obtained. Completion of the Record of Occupational Exposure to Blood or Potentially Infectious Body Fluids included as Appendix G to this Plan satisfies the Regulation's documentation requirements.

The district will provide the licensed health care professional who evaluates the exposed employee with the following information: a copy of the OSHA Bloodborne Pathogens Regulation; a description of the exposed employee's duties as they relate to the exposure incident; documentation of the route(s) of exposure and circumstances under which exposure occurred; results of the source individual's blood testing, if available; and all medical records relevant to the appropriate treatment of the employee, including vaccination status, that are the district's responsibility to maintain.

The licensed health care professional's written opinion of the post-exposure evaluation is to be provided to the employee within fifteen (15) days of completion of the evaluation and is to be limited to the following: whether Hepatitis B vaccination is indicated for the employee and if the employee has received such vaccination, that the employee has been informed of the results of the evaluation and that the employee has been told about any medical condition resulting from exposure to blood or other potentially infectious materials that require further evaluation or treatment. All other findings or diagnoses are to remain confidential and are not to be included in the written report.

Confidential medical records relating to post-exposure evaluation and follow-up are maintained in the office of the superintendent (see Recordkeeping -Medical Records).

Labels and Signs

To the extent required, the district uses red color coding and/or fluorescent orange or orange-red biohazard labels to mark all hazardous items. The standard biohazard label and symbol, as shown below, is used for this purpose. Items contaminated with blood or other potentially infectious body fluids which are color coded or posted with biohazard labels include the following: contaminated laundry.

Recordkeeping - Medical Records

Confidential medical records are kept on all district employees with occupational exposure to blood or other potentially infectious materials in the office of the superintendent. Each record includes the employee's name, Social Security number, Hepatitis B vaccination record (or declination form), copies of all results of examinations, medical testing and follow-up procedures relating to any exposure incidents and a copy of the health care professional's consultation and written opinion relating to any exposures.

All employee medical records are kept for the duration of employment plus thirty (30) years in accordance with the OSHA Bloodborne Pathogens Regulation.

Recordkeeping - Training Records

Records documenting the provision of information and training relating to occupational exposure to bloodborne pathogens are maintained for three (3) years from the date of training by the district's training coordinator. These records include the dates of training sessions, a summary of the training session, names and qualifications of the persons conducting the training sessions and the names and job titles of all persons attending the training sessions. An outline of the district's Bloodborne Pathogens Training Program is included as Appendix H to this Plan. A Training Record form is attached as Appendix I.

Information and Training

Information and training pertaining to bloodborne pathogens is provided to all district employees with occupational exposure without cost and during normal working hours. This training is provided within ten (10) days of initial assignment to tasks where occupational exposures occur and annually thereafter or whenever modifications of tasks or procedures or the institution of new tasks or procedures affect an employee's occupational exposure to the extent that additional training is indicated and appropriate. Routine training of new employees is arranged on an as-needed basis through the district's training coordinator. Training is presented by qualified staff members.

Training material is appropriate in content and vocabulary to the educational level, literacy and language of employees. The training program is designed to fulfill the requirements for bloodborne pathogen training outlined in the OSHA Bloodborne Pathogens Regulation. A detailed outline of the training program is kept on file with the district's training coordinator.

**EMPLOYEES -
DRUG AND ALCOHOL FREE WORKPLACE**

In order to maintain a healthy educational and working environment in the district's schools, and to comply with the requirements of the Drug-Free Workplace Act of 1988 for purposes of receiving federal assistance, the board of education adopts the following policies and regulations:

1. Use, possession, dispensing, manufacture, sale, or distribution; or conspiring to sell, distribute, or possess; or being in the chain of sale or distribution; or being under the influence of a controlled substance, alcoholic beverage, or low-point beer (as defined by Oklahoma law, i.e., 3.2 beer) in any of the district's facilities, on district property (including vehicles) or at a district sponsored function or event by an employee is prohibited. Violation of this prohibition shall result in disciplinary action, which may include dismissal or nonrenewal of employment. Violations which constitute criminal acts will be referred for prosecution.
2. Employees who are engaged in the performance of work under the terms of a federal grant must, as a condition of their employment, notify a district administrator in writing of any drug conviction (including a plea of nolo contendere) for a violation of a criminal drug statute which occurred at a district workplace within five calendar days after the conviction. The conviction shall result in dismissal or nonrenewal, or a requirement that the employee satisfactorily participate in a drug abuse assistance or rehabilitation program approved by a federal, state, or local health, law enforcement or other appropriate agency.
3. The conviction shall be reported in writing by the district's grant administrator to the relevant federal granting agency within 10 calendar days of the notification by the employee or other actual notice of the conviction.
4. This policy statement shall be included in the district's employee manual, and shall be distributed to all employees at the commencement of each school year.
5. The employee in-service training period prior to the commencement of each school year shall include a review and discussion of the dangers of drug and alcohol abuse in the workplace, the district's policy for a drug- and alcohol-free workplace, the penalties for violating the policy, and available sources of information, counseling, rehabilitation, and re-entry programs regarding drug and alcohol use.
6. In accordance with guidelines and criteria established by Oklahoma's State Superintendent of Public Instruction, the State Department of Education, and the Oklahoma Drug and Alcohol Abuse Policy Board, the district shall also provide training or workshops on alcohol and drug abuse. These trainings or workshops shall be completed the first year a certified teacher is employed by a school district, and

then once every fifth academic year.

**TESTING EMPLOYEES AND APPLICANTS
FOR EMPLOYMENT (OTHER THAN BUS DRIVERS)
WITH REGARD TO THE USE OF ALCOHOL
AND ILLEGAL CHEMICAL SUBSTANCES**

The board, with the intent that all employees have notice and knowledge of the ramifications concerning alcohol and illegal chemical substance use, possession, purchase, sale or distribution when the employee is on duty or on school property, adopts the following policy on Testing Employees and Applicants for Employment (Other Than Bus Drivers) With Regard to the Use of Alcohol and Illegal Chemical Substances.

Statement of Purpose and Intent

1. The safety of students and employees of the school district is of paramount concern to the board.
2. An employee who is under the influence of alcohol or an illegal chemical substance when the employee is on duty or on school property poses serious safety risks to students and other employees.
3. The use of alcohol and illegal chemical substances has a direct and adverse effect on the safety, personal health, attendance, productivity and quality of work of all employees and the safety of all students.
4. Scientific studies demonstrate that the use of alcohol and illegal chemical substances reduces an employee's ability to perform his job beyond the time period of immediate consumption or use.
5. The board recognizes that all employees have certain personal rights guaranteed by the Constitutions of the United States of America and the State of Oklahoma as well as by the Oklahoma Standards for Workplace Drug and Alcohol Testing Act ("Act"), OKLA. STAT. tit. 40 § 551 *et seq.*, as amended. This policy will not infringe on those rights.
6. Due to the devastating impact that the use of alcohol and illegal chemical substances can have on the safety of students and employees and their adverse effect on an employee's ability to perform the employee's job, the board will not tolerate employees who use, possess, distribute, purchase, sell or are under the influence (as defined in the policy) of alcohol or illegal chemical substances when on duty or while on school property.
7. This policy will apply to all employees of the school district regardless of position, title or seniority except bus drivers. The testing of bus drivers for alcohol or illegal chemical substances is exclusively governed by the school district's policy on Alcohol and Drug Testing for Drivers and the federal Omnibus Transportation Act of

1991. Bus drivers whose job assignment involves duties independent of bus driving shall be subject to this policy as to all non-bus driving duties.

8. Violations of this policy will subject the employee to disciplinary action, including, but not limited to, termination.

Definitions

1. "Applicant" means a person who has applied for a position with an employer and received a conditional offer of employment, or an existing employee seeking transfer or reassignment to a different position, or an existing employee who is being transferred or reassigned to a different position.
2. "Illegal chemical substance" means any substance which an individual may not sell, possess, use, distribute or purchase under either Federal or Oklahoma law. "Illegal chemical substance" includes, but is not limited to, all scheduled drugs as defined by the Oklahoma Uniform Controlled Dangerous Substances Act, all prescription drugs obtained without authorization and all prescribed drugs and over the counter drugs being used for an abusive purpose. By this policy, applicants and employees are placed on notice that the school district may test individuals for drugs and alcohol.
3. "Alcohol" means ethyl alcohol or ethanol.
4. "Under the influence" means any employee of the school district or applicant for employment with the school district who has any alcohol or illegal chemical substance or the metabolites thereof present in the person's body in any amount which is considered to be "positive" for such alcohol or drug or drug metabolites using any scientifically substantiated alcohol or drug use screen test and alcohol or drug use confirm test.
5. "Positive" when referring to an alcohol or drug use test administered under this policy means a toxicological test result which is considered to demonstrate the presence of alcohol or an illegal chemical substance or the metabolites thereof using the cutoff standards or levels determined by the State Board of Health or in the absence of such State Board cutoff levels, the cutoff levels customarily established by the testing laboratory administering the alcohol or drug use test.
6. "School property" means any property owned, leased or rented by the school district, including but not limited to school buildings, parking lots and motor vehicles.
7. "Drug or alcohol test" means a chemical test administered for the purpose of determining the presence or absence of a drug or its metabolites or alcohol in a person's bodily tissue, fluids or products. Adulteration of a specimen or of a drug or alcohol test shall be considered as a refusal to test.
8. "Confirmation test" means a drug or alcohol test on a sample to substantiate the results of a prior drug or alcohol test on the same sample and which uses different chemical principles and is of equal or greater accuracy than the initial test.

In instances when a breathalyzer test is used, a confirmation test means a second sample test that confirms the prior result. Where a single use test is utilized, a confirmation test means a second test confirmed by a testing facility.

9. "Employee" means any person who supplies labor for remuneration to his or her employer in this state and shall not include an independent contractor, subcontractor or employees of an independent contractor; provided, however, an independent contractor, subcontractor, or employees of an independent contractor, may be subject to a workplace drug or alcohol testing policy under the terms of the contractual agreement when the drug or alcohol testing policy applies to other workers at the job site or workers who are in the same or similar classification or group.
10. "On duty" means any time during which an employee is acting in an official capacity for the school district or performing tasks within the employee's job description, including the taking of an annual physical examination.
11. "Bus driver" means:
 - A. a school district employee who is required to have a commercial drivers' license ("CDL") to perform the employee's duties;
 - B. employees of independent contractors who are required to have a CDL;
 - C. owner-operators;
 - D. leased drivers; and
 - E. occasional drivers.
12. "Direct Child Care" means the following:
 - A. Administering to the needs of infants, toddlers, preschool-age children, and school-age children outside of school hours;
 - B. By persons other than their parents, guardians, or custodians;
 - C. For any part of the twenty-four-hour day;
 - D. In a place other than a child's own home, except that an in-home aide provides child care in the child's own home.
13. To the extent not specifically defined herein, the definition of any term, word or phrase found in this policy shall be as set forth in the Act.

Procedures for Alcohol or Illegal Chemical Substance Testing

1. Any alcohol or drug use test administered under the terms of this policy will be administered by or at the direction of a testing facility licensed by the Oklahoma State Department of Health ("Department") and using scientifically validated toxicological methods that comply with rules promulgated by the Department. Testing facilities shall be required to have detailed written specifications to assure chain of custody of the samples, proper labeling, proper laboratory control and scientific testing. All aspects of the alcohol and drug use testing program, including the taking of samples, will be conducted so as to safeguard the personal and privacy rights of applicants and employees. The test sample shall be obtained in a manner which minimizes its intrusiveness.

In the case of urine samples, the samples must be collected in a restroom or other private facility behind a closed stall or as otherwise permitted by the Department or its board; a sample shall be collected in sufficient quantity for splitting into two (2) separate samples, pursuant to rules of the State Board of Health, to provide for any subsequent independent analysis in the event of a challenge of the test results of the main sample; the test monitor shall not observe any employee or applicant while the sample is being produced but the test monitor may be present outside the stall to listen for the normal sounds of urination in order to guard against tampered samples and to insure an accurate chain of custody; and the test monitor may verify the normal warmth and appearance of the sample. If at any time during the testing procedure the test monitor has reason to believe or suspect that an employee/applicant is tampering with the sample, the test monitor may stop the procedure and inform the test coordinator. The test monitor shall be of the same gender as the applicant/employee giving the sample.

The test monitor shall give each employee or applicant a form on which the employee or applicant may, but shall not be required to, list any medications he has taken or any other legitimate reasons for his having been in recent contact with alcohol or illegal chemical substances.

2. If the initial drug use test is positive for the presence of an illegal chemical substance or the metabolites thereof, the initial test result will be subject to confirmation by a second and different test of the same sample. The second test will use an equivalent scientifically accepted method of equal or greater accuracy as approved by rules of the State Board of Health, at the cutoff levels determined by board rules. An applicant for employment will not be denied employment or an employee will not be subject to disciplinary procedures unless the second test is positive for the presence of illegal chemical substances or the metabolites thereof.
3. If an initial alcohol use test is positive for the presence of alcohol, the initial test result will be subject to confirmation by a second and different test using any scientifically accepted method approved by rules of the State Board of Health, at the cutoff levels determined by board rules.
4. A written record of the chain of custody of the sample shall be maintained from the time of the collection of the sample until the sample is no longer required.
5. Any applicant for employment or employee who is subject to disciplinary action as a result of being under the influence of alcohol or an illegal chemical substance, as and for an appeal procedure, will be given a reasonable opportunity, in confidence, to explain or rebut the alcohol or drug use test results. If the applicant or employee asserts that the positive test results are caused by other than consumption of alcohol or an illegal chemical substance by the applicant or employee, then the applicant or employee will be given an opportunity to present evidence that the positive test result was produced by other than consumption of alcohol or an illegal chemical substance. The school district will rely on the opinion of the school district's testing facility which performed the tests in determining whether the positive test result was produced by other than consumption of alcohol or an illegal chemical substance.

In the case of drug use testing, the employee or applicant will have a right to have a second test performed on the same test sample at the expense of the employee or applicant. In the case of alcohol testing, the employee or applicant will have a right to have a second test performed on the same test sample using any scientifically

accepted method approved by rules of the State Board of Health, at the cutoff levels determined by board rules. The request for the second test must be made within twenty-four (24) hours of receiving notice of a positive test in order to challenge the results of a positive test and subject to the approval by the school district's testing facility that (a) the facility selected by the applicant or employee for the second test meets the qualifications required for a testing facility under the Act and (b) the testing methodology used by the facility selected by the employee or applicant conforms to scientifically accepted analytical methods and procedures, including the cutoff levels, as determined by the State Board of Health. If the re-test reverses the findings of the challenged positive result, then the school district will reimburse the applicant or employee for the costs of the re-test. A proper chain of custody shall be maintained at all times in transmitting the sample to and from a second testing facility.

6. The school district may permit testing for drugs or alcohol by other methods reasonably calculated to detect the presence of drugs or alcohol, including but not limited to breathalyzer testing, testing by use of a single-use test device, known as onsite or quick testing devices, to collect, handle, store, and ship a sample collected for testing.
7. The testing facility reports and results of alcohol and drug use testing will be maintained on a confidential basis except as otherwise required by law. The laboratory performing alcohol or drug use tests for the school district will not report on or disclose to the school district any physical or mental condition affecting an employee or employment applicant which may be discovered in the examination of a sample other than the presence of alcohol or illegal chemical substances or the metabolites thereof. The use of samples to test for any other substances will not be permitted.
8. The records of all drug and alcohol test results and related information retained by the school district shall be the property of the school district unless:
 - A. the information will be admissible evidence by an employer or employee in a court case or administrative agency hearing if either the employer or employee is a named party;
 - B. the information is required to comply with a valid judicial or administrative order; or
 - C. the school district's employees, agents or representative needs to access the records in the administration of the Act.

Employee Alcohol and Drug Use Test Requirements

The school district is authorized to conduct drug and alcohol testing in accordance with the Act. The school district has chosen to conduct drug or alcohol testing under the following circumstances:

1. *Applicant testing:* The school district will require an applicant, as defined above, to undergo drug or alcohol testing and may use a refusal to undergo testing or a positive test result as a basis for refusal to hire or grant a voluntary transfer/reassignment.

2. *For-cause testing:* The school district will require an employee to undergo drug or alcohol testing at any time the superintendent, or designee, reasonably believes that the employee may be under the influence of drugs or alcohol, including, but not limited to, the following circumstances:
 - A. drugs or alcohol on or about the employee's person or in the employee's vicinity,
 - B. conduct on the employee's part that suggests impairment or influence of drugs or alcohol,
 - C. a report of drug or alcohol use while at work or on duty,
 - D. information that an employee has tampered with drug or alcohol testing at any time,
 - E. negative performance patterns, or
 - F. excessive or unexplained absenteeism or tardiness.
3. *Post-accident testing:* The school district may require an employee to undergo drug or alcohol testing if the employee or another person has sustained an injury while at work or property has been damaged while at work, including damage to equipment. The school district may require post-accident drug or alcohol testing if there is a reasonable possibility that employee drug use could have contributed to the reported injury or illness. For purposes of workers' compensation, no employee who tests positive for the presence of substances defined and consumed pursuant to Section 465.20 of Title 63 of the Oklahoma Statutes, alcohol, illegal drugs, or illegally used chemicals, or refuses to take a drug or alcohol test required by the employer, shall be eligible for such compensation;
4. *Random testing:* As determined appropriate by the board of education, the school district may require an employee or all members of an employment classification or group to undergo drug or alcohol testing at random and may limit its random testing programs to particular employment classifications or groups, except that the school district will require random testing only of employees who:
 - A. are police or peace officers, have drug interdiction responsibilities, or are authorized to carry firearms, or
 - B. are engaged in activities which directly affect the safety of others, including but not limited to school vehicle mechanics and those employees designated as "safety sensitive" pursuant to this policy.
5. *Scheduled, periodic testing:* The school district will require an employee to undergo drug or alcohol testing as a routine part of a routinely scheduled employee fitness-for-duty medical examination, or in connection with an employee's return to duty from leave of absence, of employees who:
 - A. are police or peace officers, have drug interdiction responsibilities, or are authorized to carry firearms, or

- B. are engaged in activities which directly affect the safety of others, including but not limited to school vehicle mechanics and those employees designated as “safety sensitive” pursuant to this policy.
6. *Post-rehabilitation testing:* The school district may request or require an employee to undergo drug or alcohol testing for a period of up to two (2) years commencing with the employee’s return to work, following a positive test or following participation in a drug or alcohol dependency treatment program.

Employee Use, Sale, Possession, Distribution, Purchase or Being Under the Influence of Alcohol or Illegal Chemical Substance

Any employee who possesses, uses, distributes, purchases, sells or is confirmed by alcohol or drug use tests to be under the influence (as defined by this policy) of alcohol or an illegal chemical substance while on duty, while on school property or as a result of alcohol or drug use tests conducted under this policy, or who refuses to submit to an alcohol or drug test permitted under the Act will be subject to disciplinary action, including, but not limited to, termination.

Alcohol and Drug Use Tests of Applicants for Employment -- When Required

All applicants for employment will be required to submit to alcohol and/or drug use testing after a conditional offer of employment has been made to the applicant. All applicants will be notified that alcohol and/or drug use testing will occur if they are offered a conditional offer of employment. Any applicant who refuses to submit to an alcohol or drug use test after a conditional offer of employment will not be hired.

Applicants Under the Influence of Alcohol or An Illegal Chemical Substance

Any applicant who is confirmed by alcohol or drug use tests to be under the influence (as defined by this policy) of alcohol or an illegal chemical substance will not be hired.

Person Authorized to Order Alcohol or Drug Testing

The administration will make available an appropriate election form which every injured employee will be given as soon as possible after an on-the-job injury. No supplemental payment shall be made until such time as the employee returns the election form to the district. If the election for supplemental pay is made sick leave shall be used and exhausted before personal leave unless different instructions are directed by the employee, in writing, to the district.

CRIMINAL RECORDS SEARCHES

It shall be the policy of the district that it will obtain the results of a national criminal history record check , as defined by OKLA. STAT. tit. 74, § 150.9, of every prospective school district employee and conduct an annual search of the Oklahoma Sex Offender and Mary Rippy Violent Crime Offender Registries with respect to all employees who offer or provide services to children, including but not limited to secondary students. The district shall also obtain an Oklahoma criminal history record check from the Oklahoma State Bureau of Investigation for all prospective teachers.

The provisions of this policy shall not apply to school district employees hired on a part-time or temporary basis for the instruction of adult students only.

National Felony Record Search of Prospective Employees

During the first interview with each employment applicant, school district will advise the applicant that:

1. The district requires a national criminal history record check of every prospective employee as a condition of employment. The district also requires a Oklahoma criminal history record check for every prospective teacher;
2. To enable the district to request the search and obtain the results, the applicant must complete and sign authorization and release form(s) provided by the district;
3. The district will only request a felony record search if the superintendent recommends employment of the applicant;
4. If the superintendent recommends employment of the applicant, the applicant must pay the search fee(s);
5. The district will reimburse the applicant for the search fee unless the search discloses a prior felony offense conviction;
6. If the superintendent recommends employment of the applicant, the applicant must permit himself/herself to be fingerprinted, if applicable, provide a social security number and provide any other information necessary to facilitate the national criminal history record check and/or the Oklahoma criminal history record check search; and
7. The Board of Education shall not have the authority to enter into any written contract with a prospective teacher who does not have an Oklahoma criminal history record check on file with the district. No prospective teacher shall be permitted to perform work or render services to the district without such record check on file. A prospective teacher who has an Oklahoma criminal history record check on file with

the district but is awaiting the results of the national criminal history record check, may perform services for the district subject to the provisions of paragraph 8 below.

8. The applicant, if placed on duty prior to receipt of the national criminal history record check results, will be classified as a temporary employee until the district is notified that the search is clear of any felony conviction(s) within the past ten (10) years, or at any time if the conviction shows a tendency to be a danger to the health/safety of students or if the conviction indicates a potential conflict with the duties to be performed by the applicant. All criminal history record searches will be made in compliance with the Federal Fair Credit Reporting Act.

If the results of the national criminal history record check are not received by the school district within sixty (60) days, if the record check reveals a prior felony offense conviction(s) within the past ten (10) years, or at any time if the conviction shows a tendency to be a danger to the health/safety of students or if the conviction indicates a potential conflict with the duties to be performed by the applicant, or if the record check reveals a false response to one or more of the questions on the authorization and release, the applicant shall be deemed to have resigned his or her employment. The administration will review the facts and circumstances of each situation and decide whether to recommend the resignation be accepted. Such resignation may be accepted by the board of education at any time. Under these circumstances, the applicant waives any due process procedures which might be available under federal and state law and school district policies and procedures. The sixty (60) day temporary employment period shall begin on the first day the prospective employee reports for duty at the school district.

The district may waive the requirement to obtain an initial national criminal record check for any prospective employee who has obtained certification from the Oklahoma State Department of Education within the past twelve (12) months.

The district may waive the requirement to obtain a new record search if the applicant for a full-time teaching position has been employed as a full-time or substitute teacher in another Oklahoma school district, produces a copy of an existing national criminal history record check from within the past five (5) years, and produces an original letter from the former district stating that the employee left in good standing.

Felony Record Searches of Current Employees

The following rules apply to requests for record checks regarding current employees of the district:

A. General Rules

When the district seeks to obtain a record check regarding a current district employee pursuant to the terms of this policy, the employee who is the subject of that record check must complete and sign an authorization and release form provided by the district. The employee shall permit himself/herself to be fingerprinted, if applicable, provide a social security number and provide any other information necessary to facilitate the record check. The district shall be responsible for the payment of fees associated with record checks regarding current district employees.

B. Current Teachers Not Eligible for Retirement

The district will review the personnel records of all certified teachers currently employed by the district who (1) were employed by the district as of May 19, 2020, and (2) **are not** eligible for retirement through the Oklahoma Teachers' Retirement System, in order to determine whether the district has both an Oklahoma criminal history record check from the Oklahoma State Bureau of Investigation (the "OSBI") and a national criminal history record check on file for each teacher. In the event that the district does not have both of the above-referenced record checks on file regarding a teacher, the district will obtain the record check(s) it did not previously have on file for that teacher prior to the deadline for that teacher to renew his or her teaching certificate.

C. Current Teachers Eligible for Retirement

The district will review the personnel records of all certified teachers currently employed by the district who (1) were employed by the district as of May 19, 2020, and (2) **are** eligible for retirement through the Oklahoma Teachers' Retirement System, in order to determine whether the district has both an Oklahoma criminal history record check from the OSBI and a national criminal history record check on file for each teacher. In the event that the district does not have both of the above-referenced record checks on file regarding a teacher, the district will obtain the record check(s) it did not previously have on file for that teacher no later than the earlier of (1) July 1, 2022, or (2) the deadline for the renewal of the teacher's teaching certificate.

D. Other Employees

The district will review the personnel records of all other current employees of the district who were employed by the district as of May 19, 2020, in order to determine whether the district has both an Oklahoma criminal history record check from the OSBI and a national criminal history record check on file for each employee. In the event that the district does not have both of the above-referenced record checks on file regarding an employee, the district will obtain the record check(s) it did not previously have on file for that employee no later than July 1, 2022.

E. Record Checks Upon Request of the Board or Superintendent.

The district will request an Oklahoma criminal history record check and/or national criminal history record check regarding any current school district employee if the board of education or superintendent requests a search of that employee's felony record.

Felony Record Searches of Substitutes

The district may, in its discretion, require a national criminal history record search for substitutes of the same type and using the same standards applicable to prospective employees, or it may obtain a current records search, if available, from a school district that employed the substitute in the year preceding prospective employment by school district. Likewise, any person seeking employment as a substitute who has been employed as a full-time teacher by a school district in the State of Oklahoma in the five (5) years immediately preceding application for employment as a substitute, is not required to obtain a national criminal history record check if the teacher produces a copy of a national criminal history record check completed within the preceding five (5) years and a letter from the school district in which the teacher was last employed stating the teacher left in good standing. Similarly, any person seeking employment as a substitute who has been employed as a full-time teacher by school district for ten (10) or more consecutive years immediately

preceding application for employment as a substitute and who left full-time employment with school district in good standing is not be required to have a national criminal history record check for as long as the person remains employed as a substitute for consecutive years by school district.

Felony Record Searches of Volunteers

The district may, in its discretion, require a national criminal history record search for any volunteer who has substantive contact with minor students, of the same type and using the same standards applicable to prospective employees or some other national criminal history record search that uses social security numbers instead of fingerprints. All felony record searches will be made in compliance with the Federal Fair Credit Reporting Act.

Annual Search of Sex Offender and Violent Crime Offender Registries

Pursuant to OKLA. STAT. tit. 57, § 589, the district shall conduct an annual name search against the Oklahoma Sex Offenders Registry and the Mary Rippey Violent Crime Offenders Registry of all district employees who provide or offer services to secondary students and children.

**ASSAULT AND BATTERY
INVOLVING SCHOOL DISTRICT EMPLOYEES**

Any district employee upon whom an assault, battery, assault and battery, aggravated battery or aggravated assault and battery is committed while in the performance of any duties as a school employee shall immediately notify the superintendent. If the district employee seeks emergency medical treatment as a result of the incident, the employee may make the report after obtaining such treatment or through a designee. All such reports must state the name of the person who committed the offense, the person upon whom the offense was committed, the nature, context and extent of the offense, the date(s) and time(s) of the offense and any other information necessary to a full report and investigation of the matter. The report may be made orally or in writing. The superintendent or his/her designee will deliver a copy of this policy to the district employee upon receipt of the report. The superintendent will investigate the incident and take appropriate action based upon the results of that investigation. The district employee must cooperate in the investigation. The superintendent will notify the State Department of Education in writing of all such incidents for the previous year on July 1 of each year or the first business day thereafter if July 1 falls on a weekend or legal holiday. The superintendent's report must include a description of the incident and the final disposition of the incident.

The district will also refer appropriate incidents to law enforcement for investigation and prosecution. The district's decision to report or not to report a particular incident to law enforcement does not preclude the district employee from making a report to law enforcement. To the extent permitted by law, the district will share information and cooperate with law enforcement in the conduct of its investigation and in any subsequent prosecution.

No district employee will be subject to any civil liability for any statement, report or action taken in reporting or assisting in reporting a battery or assault and battery committed upon the district employee while in the performance of any duties unless such report or assistance was made in bad faith or with malicious purpose.

The district will post in a prominent place at each district site the following notice: "FELONY CHARGES MAY BE FILED AGAINST ANY PERSON(S) COMMITTING AN AGGRAVATED ASSAULT OR BATTERY UPON ANY SCHOOL DISTRICT EMPLOYEE."

For purposes of this policy, a "district employee" means a teacher or any duly appointed person employed by the district or employees of a firm contracting with the district for any purpose, including any personnel not directly related to the teaching process and members of the board of education during board meetings.

For purposes of this policy, the terms "assault," "battery" and "aggravated assault and battery" are defined as follows: An "assault" means any willful and unlawful attempt or offer with force or violence to do a corporal hurt to another. A "battery" is any willful and unlawful use of force or violence upon the person of another. An "assault and battery" becomes "aggravated" when committed under any of the following circumstances: (1) when

great bodily injury is inflicted upon the person assaulted; or (2) when committed by a person of robust health or strength upon one who is aged, decrepit or incapacitated, as defined by law.

FAMILY AND MEDICAL LEAVE

It is the policy of the district to comply fully with the requirements of the Family and Medical Leave Act of 1993 (FMLA) and all its related revisions, including the National Defense Authorization Act (NDAA), collectively referred to in this policy as "FMLA." The district is a covered employer and, accordingly, will provide up to 12 workweeks of unpaid leave to eligible employees. This leave must run concurrently with any paid leave the eligible employee has available. Eligible employees may also be entitled to 14 additional workweeks of leave (26 workweeks total) for servicemember family leave.

Any employee utilizing FMLA leave is required to cooperate in matters of scheduling, providing prompt notice of the need to use leave and availability for return to work, completing paperwork, etc.

This policy is not intended to create any leave obligations for the district in addition to those provided under the FMLA. In the event any conflict exists between this policy and the FMLA, the FMLA will be the final authority.

Definitions

- "Eligible employees" are those employees who:
 - have been employed for at least one year by the district; and
 - worked at least 1,250 hours during the previous 12 month period; and
 - have requested leave for a reason covered by the FMLA; and
 - there are at least 50 employees within a 75 mile radius.

Full-time instructional employees are deemed to have met the 1,250 hours of employment requirement if they worked full time during the prior year.

- A "child" means a biological, adopted, foster or step child, a legal ward, an individual with an in loco parentis relationship with the employee or military member, and adult children who are physically or mentally incapable of self-care.
- A "serious health condition" is one which requires either in-patient care or continuing treatment by a health care provider. This includes conditions or illnesses affecting health to the extent that in-patient care is required, or absences are necessary on a recurring basis or for more than just a few days. A "serious health condition" does not include short-term conditions for which treatment and recovery are very brief as such conditions would normally be covered by the district's sick leave policies.

- A “year” means a rolling 12-month period measured backward from the date an employee uses any leave.
- A “workweek” means the employee’s usual or normal schedule (hours / days per week) prior to the start of FMLA leave.
- A “covered military member” (for purposes of active duty leave) is an individual serving in the Regular Armed Forces or the National Guard and Reserves and who has been called to active duty. Veterans receiving treatment or therapy, or those who are recuperating and were discharged or released for any reason other than dishonorable discharge within the 5 years preceding the employee’s request for leave are also included in this definition.
- A “covered military member” (for purposes of servicemember family leave) is an individual serving in the Regular Armed Forces or the National Guard and Reserves who is undergoing treatment or therapy for a serious injury or illness incurred or exacerbated while on active duty.
- A “serious injury or illness” is an injury or illness incurred (or exacerbated) by the servicemember in the line of duty in the Armed Forces or National Guard and Reserves which:
 - may render the member medically unfit to perform the duties of the member’s office, grade, rank, or rating; or
 - resulted in the member receiving a VA Service Related Disability Rating of 50% or more; or
 - substantially impairs the veterans’ ability to be gainful employed; or
 - resulted in the member’s enrollment in the Department of Veterans Affairs Program of Comprehensive Assistance for Family Caregivers.

Reasons for Leave

All eligible employees who meet FMLA requirements may be granted leave as provided in this policy and required by law for the following reasons:

1. for the birth of a child and to care for such child, or placement for adoption or foster care of a child;
 - If both parents are employed by the district, the combined amount of FMLA leave cannot exceed 12 workweeks
2. to care for a spouse, child or parent with a serious health condition;
3. for a serious health condition of the employee that makes the employee unable to perform his or her job functions;
4. for covered active duty leave with one or more of the following exigencies:

- Short-notice deployment: employees can take up to 7 calendar days leave to address issues that arise from servicemembers' call or order to active duty seven calendar days or less prior to the date of deployment;
- Military events and related activities: employees can take leave to attend official ceremonies, programs, or events sponsored by the military that are related to servicemembers' active duty or call to active duty or attend family support or assistance programs and informational briefings sponsored or promoted by the military, military service organizations, or the American Red Cross that are related to servicemembers' active duty or call to active duty;
- Childcare and school activities: employees can take leave to arrange alternative childcare, provide childcare on an urgent, immediate need (but not everyday) basis, enroll in or transfer a child to a new school or day care facility, or attend meetings with school or day care staff (such as parent-teacher conferences) due to servicemembers' active duty or call to active duty;
- Financial and legal arrangements: employees can take leave to make or update financial or legal arrangements to address servicemembers' absence while on active duty or call to active duty, such as executing powers of attorney, transferring bank account signature authority, enrolling in the Defense Enrollment Eligibility Reporting System, or obtaining military identification cards and to act as the servicemembers' representative before governmental agencies to obtain, arrange, or appeal military service benefits while servicemembers are on active duty or called to active duty and for 90 days following termination of active duty status;
- Counseling: employees can take leave to attend counseling that is provided by someone other than a healthcare provider for servicemembers or their children for needs arising from servicemembers' active duty or call to active duty;
- Rest and recuperation: employees can take up to 15 days leave to spend time with servicemembers on short-term, temporary rest and recuperation leave during a period of deployment;
- Post-deployment activities: employees can take leave to attend arrival ceremonies, reintegration briefings and events and other official ceremony or program sponsored by the military that occurs within 90 days following termination of servicemembers' active duty status or to address issues arising from servicemembers' death while on active duty, including meeting and recovering the body and making funeral arrangements; and
- Additional activities: employees can take leave to address any other events that arise from servicemembers' active duty or call to active duty when the district and employee agree that such leave qualifies as an exigency and agree upon the timing and duration of the leave.

5. for servicemember family caregiver leave, provided that the leave (when combined with other forms of FMLA leave) does not exceed 26 workweeks during a 12-month period;
6. for parental care leave to care for (including making arrangements for care, patient transfer and meetings with staff at a care facility) a parent-in-law who is unable to care for him/herself while the servicemember is on active duty.

Application for Leave

Employees who wish to utilize FMLA leave must submit an application for leave (with all required supporting documentation) on the forms available through the superintendent's office (the district will utilize all required forms as provided by the US Department of Labor. The forms are available at <http://www.dol.gov/whd/fmla/index.htm#Forms>). The district requests that, when practical, FMLA requests be submitted at least 30 days prior to the use of the leave. In emergency circumstances, the district may provisionally place an employee on FMLA leave if conditions appear to warrant such action. The employee is ultimately responsible for completing the necessary paperwork to finalize the use of FMLA leave at least 15 days in advance.

Medical Documentation (for Leave Related to a Serious Medical Condition)

In addition to all medical documentation required pursuant to the FMLA, the district may, in its sole discretion and at its own expense, require a second opinion related to the need for FMLA leave. If the first and second opinions differ regarding the need for FMLA leave, the district and the employee shall mutually agree upon a provider to conduct a third opinion of the employee's need for leave. The cost of this third opinion will be paid for by the employer.

The district may also require supplemental certifications of the employee's continuing need for leave. These certifications may not be more than one time per month unless the employee requests an extension of leave, changes circumstances regarding the illness or injury, or the district receives information that casts doubt on the validity of an existing certification.

In the event an employee wishes to request an extension of leave, such request must be promptly submitted to his/her supervisor with supporting documentation from the health care provider regarding the reason for the extension. The extension is only available as long as the employee does not exceed the maximum leave permitted by the FMLA.

Right to Conduct Surveillance

In an effort to combat misuse of leave permitted by the FMLA, an employee may be surveilled to determine if the employee is not using the FMLA leave for the purpose for which it was granted. The district may conduct non-workplace (off-site) surveillance of an employee based on an honest belief or suspicion that the employee is misusing the FMLA leave granted. If the employee is found to be misusing the FMLA leave, the employee will be subject to all disciplinary action allowed by law, including but not limited to dismissal or nonrenewal. Circumstances which may give rise to an honest belief or suspicion of FMLA leave misuse include, but are not limited to, an employee providing inconsistent reasons for the FMLA leave, an employee engaging in a suspicious pattern of absences over a short

period of time, verifiable information from co-workers evidencing misuse by an employee and significant changes in the frequency or duration of an employee's absences.

Intermittent Leave or Leave on a Reduced Leave Schedule

Eligible employees may request to use their available leave on an intermittent basis by following the same application and certification process as described above and under the following conditions:

- intermittent leave in connection with the arrival of a new child must be approved by the district;
- employees must coordinate the intermittent leave with their supervisor to attempt to reduce the negative impact of the leave on school operations;
- the district reserves the right to transfer the employee to a position better suited to intermittent leave;
- if an instructional employee will be absent more than 20% of the total working days in the period in which the leave will be used, the district may require the employee to either:
 - take leave for a "particular duration" or time which is not greater than the duration of the planned treatment, or
 - be transferred to an alternative position.

Leave Taken Near the End of an Academic Term

If an instructional employee begins any type of covered leave more than five (5) weeks before the end of a semester, and if the leave will last at least three (3) weeks and the employee would otherwise return to work during the three (3) weeks before the end of the semester, the district may require the employee to continue taking leave until the end of the semester.

If an instructional employee takes leave (for a reason other than the employee's own serious health condition) which commences during the five (5) weeks before the end of the semester, and if the leave will last more than two (2) weeks and the employee would otherwise return to work during the last two (2) weeks of the semester, the district may require the employee to continue taking leave until the end of the semester.

If an instructional employee takes leave (for a reason other than the employee's own serious health condition) which begins during the last 3 weeks of the semester, and if the leave will last more than five (5) working days, the district may require the employee to take leave until the end of the semester.

The Effect of Leave on Benefits

During a period of FMLA leave, an employee will be retained on the district's medical insurance plan under the same conditions that applied before leave began, including making any payments the employee previously made. An employee's failure to timely pay his/her share of the medical premium may result in loss of coverage. The employee is

required to pay all of the premiums for any other type of insurance coverage which may exist.

If the employee fails to return to work after the expiration of the leave, the employee will be required to reimburse the district for payment of health insurance premiums during the FMLA leave, unless the reason for the failure to return to work are due to circumstances beyond the employee's control.

Employees do not accrue or lose any seniority or employment benefits during a period of FMLA leave.

Return to Work

Employees must update their supervisor regarding the intent to return to work, including providing all necessary releases and paperwork, at least 5 business days in advance of the expected return date.

Although the district cannot guarantee that an employee will be returned to his/her original position, employees will generally be restored to an equivalent position and employment conditions upon return from FMLA leave. Highly compensated employees are those individuals who are salaried and are among the highest paid 10% of the employees employed within 75 miles of the employee's worksite. A highly compensated employee may not be returned to work if it is necessary to prevent substantial and grievous economic injury to the operations of the district. The district will make all determinations regarding job duties upon an employee's return from FMLA leave.

Failure to Return from Leave

Employees who fail to return to work when scheduled (absent an approved extension) are subject to immediate termination for cause, subject to applicable due process hearing rights.

SICK LEAVE SHARING PROGRAM

Sick leave days may be donated from one district employee to another within the following guidelines:

1. Permission to receive donations will be granted only for a district employee who is pregnant or recovering from childbirth or who is suffering from or has a relative or household member suffering from an extraordinary or severe illness, injury, impairment or physical or mental condition that has caused or will cause the employee to exhaust all accumulated sick leave earned pursuant to Title 70, Section 6-104 of the Oklahoma Statutes and that has caused or is likely to cause the employee to take leave without pay or to terminate employment, as determined by the board of education.

2. For purposes of this policy, the following definitions apply:

"Relative of the employee" means a spouse, child, stepchild, grandchild, grandparent, stepparent or parent of the employee.

"Household members" means those persons who reside in the same home, who have reciprocal duties to and do provide financial support for one another, including foster children and legal wards, even if they do not live in the household. This term does not include persons merely sharing the same general house.

"Severe" or "extraordinary" means serious, extreme or life-threatening, including temporary disability resulting from pregnancy, miscarriage, childbirth and recovery therefrom.

"District employee" means any full-time employee of the school district. Whether an employee is a "full-time employee of the school district" will be determined by the standard period of labor which is customarily understood to constitute full-time employment for the type of services performed by the employee and who is employed a minimum of one hundred seventy-two (172) work days.

3. The request for permission to receive donations must be in writing and may be presented to the superintendent by the employee or another employee (acting with the affected employee's permission) in his or her behalf. The superintendent will place the request on the agenda of the board. A district employee may be eligible to receive donations if the board determines that the employee meets the criteria described in this policy and the employee has followed district policies regarding the use of sick leave. To allow the board to determine whether the employee meets the criteria described in this policy, the employee must first submit a medical certificate from a licensed physician or health care practitioner verifying the severe or extraordinary nature and expected duration of the condition.

4. A donee may not use any donated sick leave until his or her own sick leave earned pursuant to Title 70, Section 6-104 of the Oklahoma Statutes has been exhausted. The donee may use donated sick leave only for the purposes specified in this policy.
5. Donated sick leave will be paid at the daily rate of the donee, not the donor. The sick leave received by the donee will be designated as donated sick leave and will be maintained separately from all other sick leave balances.
6. Donated sick leave not used by the donee during an occurrence as determined by the Board shall be returned to the donating employee. The donated sick leave remaining will be divided among the donors on a prorated basis based on its original donated value, returned at its original donor value and reinstated to the annual leave balance of each donor.
7. The maximum total number of days that may be received as donations by any employee is ten (10) per request. An employee shall not be determined to be eligible for donations more than once during any school year. Donations may be made only during the academic year (July 1 - June 30) in which the employee is determined to be eligible to receive donations.
8. An employee may donate only days that are earned and accumulated. The donor may donate any amount of sick leave provided the donation does not cause his or her sick leave balance to fall below forty (40) hours.
9. Any contribution of sick leave by one employee to another is strictly voluntary. No employee shall be coerced, threatened, intimidated or financially induced into donating sick leave under this policy. Each contribution of sick leave must be confirmed in writing by the donor to the office of the superintendent.

<p>WARNER PUBLIC SCHOOLS BOARD OF EDUCATION POLICY</p>	<p><i>Employees - General</i></p> <p>Adopted: December 12, 2016 Revised: July 10, 2017</p>

FAIR LABOR STANDARDS ACT COMPLIANCE

The district will comply with all aspects of the Fair Labor Standards Act (FLSA). Any employee who has questions regarding overtime or believes that the FLSA is not being correctly followed should immediately report this to a district administrator.

The penalties for even inadvertent FLSA violations are severe. Any employee, regardless of position, who violates any aspect of this policy will be subject to disciplinary sanctions up to and including termination.

Employee Classification

Employees will be notified of their FLSA classification as a part of their job description, but any employee who believes that a misclassification has occurred must immediately notify his/her supervisor of the suspected error.

Exempt employees. Exempt employees are not entitled to overtime or comp time for working more than forty (40) hours in a workweek. Exempt employees generally include positions such as superintendents and assistant superintendents, principals and assistant principals, certified counselors and psychologists, technology directors, CPAs, RNs, librarians, and teachers.

Non-exempt employees. Non-exempt employees are entitled to overtime or comp time for working more than forty (40) hours in a workweek. Non-exempt employees generally include positions such as bus drivers, cafeteria workers and dieticians, custodians, maintenance employees, secretarial and clerical assistants, security personnel, and nurses who are not RNs.

Noncovered positions. Board members and volunteers are not covered by the FLSA. Due to FLSA regulations, non-exempt employees may only volunteer as a parent/grandparent/etc. in a role typically assigned to volunteers. Additionally, those volunteer services must be unrelated to the employee's compensated duties.

Multiple Assignments

Non-exempt employees are permitted to work multiple assignments as long as the combination of those assignments does not make it likely that the employee will work more than forty (40) hours per week. Non-exempt employees who work multiple positions at different hourly rates will be paid for authorized overtime at a blended rate.

Employment benefits for non-exempt employees will be granted based on the employee's primary position unless otherwise provided by law. The primary position is the position in which the employee works the most hours.

Exempt employees will not be employed in multiple positions if such employment would jeopardize the employee's exempt status. Exempt employees may be assigned an extra duty (coaching, activity sponsor, etc.) and receive a stipend in accordance with the terms of an extra duty contract.

Time Keeping

Non-exempt employees are required to accurately track work hours in accordance with established district procedures. These employees must "clock in" and "clock out" within seven (7) minutes of their scheduled shifts. Time periods in excess of twenty (20) minutes during which the employee is not actually performing job duties will not be included as "hours worked" if the time can effectively be used for the employee's own purposes.

Employees must contact their supervisors if they notice an error on their time records. Falsifying time records, including under-reporting hours worked, is strictly prohibited.

Required Pre-Authorization

No employee may work overtime without prior authorization. Supervisors are required to strictly enforce the district's prohibition on working unauthorized overtime.

Paying Overtime and Comp Time

The FLSA extends flexibility to school districts in adopting arrangements that provide compensatory time off in lieu of monetary overtime compensation. Accordingly, the District will provide, within reasonable limits, compensatory time off. The calculation used to determine the amount of compensatory time available to a non-exempt employee is one and one-half hours of compensatory time for each hour of overtime worked. Compensatory time received by an eligible employee extinguishes the employee's entitlement to monetary overtime compensation. Compensatory time off is subject to all of the conditions provided in this policy. The district's administration shall, at all times, retain the authority to make the decision to permit an employee to accumulate and use compensatory time or to pay the employee for overtime worked; however, the standard of time and one-half for overtime hours worked shall apply in either instance. The district's policy and applicable procedures concerning compensatory time are more fully detailed below.

Prior Approval of Overtime Required

Except in the rare event of a bona fide emergency, overtime will not be allowed to any non-exempt support employee unless prior approval has been given, in writing, by the employee's supervisor or his/her designee. Non-exempt support employees working in excess of forty (40) hours per work week without prior written approval may be subject to appropriate disciplinary action, up to and including the possibility of dismissal.

Calculation of Compensatory Time

If a non-exempt support employee is properly assigned to work more than forty (40) hours in a work week, the district may provide compensatory time ("comp time") off in lieu of monetary overtime compensation at a rate of not less than one and one-half (1 1/2) hours of compensatory time for each hour of overtime worked. It shall be the responsibility of the employee and the employee's supervisor to maintain accurate

records of all comp time accrued. All overtime recorded to be accrued as comp time must be initialed by the employee and the immediate supervisor or his or her designee by the end of the week following the week in which the overtime is worked.

Scheduling Use of Compensatory Time

Any non-exempt employee who has accrued comp time and who requests the use of the comp time shall be permitted to use the comp time within a reasonable period, after making the request, as long as use of the comp time does not unduly disrupt district operations. Supervisors are encouraged to limit the accumulation of comp time to eight (8) hours per pay period, but special circumstances may justify a greater accumulation. All requests to use comp time must be in writing. If the request is denied, then the employee and supervisor are to arrange an alternate date for the comp time to be used. If no agreement can be reached, then a meeting will be conducted with the superintendent or designee to schedule a date for the comp time to be taken. The district, at its sole option, may require an employee to use accrued comp time at certain times.

Maximum Accrual of Time

Employees may accrue up to 240 hours of comp time if they qualify for comp time and the employee followed the proper pre-approval procedures before working comp time. (Because comp time is accumulated at time and one-half, this is 160 hours of actual overtime work.) Employees who work in a public safety activity, emergency response activity, or seasonal activity may accumulate up to 480 hours of comp time (320 actual overtime hours).

When Hours are Not Considered Work Hours

Time periods in excess of twenty (20) minutes during which the employee is not actually performing job duties will not be included as "hours worked" if the time can effectively be used for the employee's own purpose.

Payment for Comp Time Upon End of Employment

Any non-exempt support employee whose employment with the district terminates and who has accrued but not used comp time shall be paid at his or her regular hourly or salary rate in effect at the time the employee receives the payment. The District reserves the right, at any time, to substitute a cash payment, in whole or in part, for comp time.

Notice of Policy to Non-Exempt Employees

A copy of this policy will be provided to all of the district's non-exempt employees along with a compensatory time agreement that employees will sign and that the employee's supervisor will sign. The agreement, unless withdrawn by the district, will remain in effect while the employee works for the district. This compensatory time off policy shall be considered as a condition of employment for all non-exempt support employees of the district.

PROFESSIONAL CONDUCT BY STAFF

The board of education counts on staff to adhere at all times to recognized standards of professional conduct. Teachers, administrators, and support employees are role models and must exemplify ethical behavior in their relationships with students, patrons, and other staff members. The board expects staff to be mindful that they are professionals and their conduct, particularly in relation to students, patrons, and other staff, must be consistent with professional standards. Staff members must never engage in conduct which detracts from a safe, positive, or appropriate learning environment.

The board of education believes that all staff members have a responsibility and professional obligation to be familiar with and abide by the laws of Oklahoma, the policies of the board, and the administrative regulations designed to implement them – as they affect the employee's job and commitments to students and others.

The OSDE *Standards of Performance and Conduct* set forth standards for the professional conduct of teachers. The board, like the State Department of Education, requires teachers to adhere to this code. It expects its administrators also to adhere to requirements for administrators. In addition, the board approves specific ethical standards that must guide the conduct of all staff members.

Specific Responsibilities

Essential to the success of ongoing district operations and the instructional program are the following responsibilities, required of all personnel:

1. Support and enforcement of policies of the board and regulations of the administration in regard to students.
2. Concern and attention toward their own and the district's legal responsibilities for the safety and welfare of students, including the need to assure that students are reasonably supervised within the constraints presented.
3. Avoidance of exploitation of relationships with students, other staff members, or school district patrons.
4. Consistency and promptness in attendance at work.
5. Diligence in submitting required reports promptly at the times specified.
6. Care and protection of school district property.

Staff - Student Relationships

Exploitation of staff-student relationships is inconsistent with obligations owed to students. Commercial and business dealings between students and staff members are prohibited. A staff member may not use a teacher/administrator or similar relationship with a student for personal gain. Likewise, staff members may not use student property for personal use or benefit. Staff members who suspect or recognize an inappropriate relationship between a student or staff member or observe inappropriate conduct toward or contact with a student are required to report this in writing to their supervisor, the superintendent, or other district official.

Exploitation of a Student

Exploitation of a student may result from an improper personal relationship encouraged by a teacher, administrator, or support employee. Staff members should be aware that gestures and physical conduct, even though innocent and properly motivated, may be misinterpreted by students or parents. Therefore, teachers, administrators, and support employees must avoid any conduct that might be characterized as evidencing an improper or unprofessional personal attachment toward a student. Sponsors or chaperones shall not sleep in the same rooms with students on overnight activity trips unless the sponsor or chaperone is the parent or legal guardian of the student. Likewise, instructors, sponsors or chaperones shall not accompany a single student on a trip or activity unless written approval is received from parents or legal guardian of the student and the superintendent or superintendent's designee. Sexual or romantic involvement with a student and sexual harassment by any employee, regardless of the student's age or the student's placement in or out of the teacher's class, is prohibited. School officials will seek criminal investigation and prosecution of any employee suspected of engaging in child exploitation.

Standards of Behavior

Staff is expected, in their capacity as role models, to establish an example of acceptable behavior for students in connection with classes and extracurricular activities. Teachers, administrators, and support employees must refrain from the use of vulgar or obscene language and conduct in the presence of students. Similarly, discussion with students of issues personal to the staff member, such as divorce, sexual issues, or similar highly personal subjects, is inappropriate. The use of alcohol by any staff member in the presence of students is prohibited. Likewise, the use of illegal or illicit drugs by employees, in or outside the presence of students, is prohibited and grounds for disciplinary action, including dismissal.

The district has adopted policies relating to employee and student use of wireless telecommunication devices and social networking sites and employees must adhere to these provisions.

Staff members are expected to refrain from comments or statements, even in jest, reflecting adversely on any person or group with reference to race, color, sex, pregnancy, gender, gender expression or identity, national origin, religion, disability, veteran status, sexual orientation, age, or genetic information. Racial, ethnic, or sexual slurs in the presence of students or during work or work related activities or programs constitute unprofessional conduct.

Exploitation by Supervisors of Subordinate Employees

The exploitation by supervisors of subordinate employees is improper and prohibited. In particular, any employee who supervises, directs, evaluates, or makes any employment recommendations with regard to any other employee (i.e. acts as a supervisor) is prohibited from engaging in any commercial, business, romantic, sexual, or other similar type of personal relationship with any employee who is or may be subordinate to the supervisor.

Fiscal Management

It is imperative that sound fiscal management procedures be followed by staff to ensure maximum benefit for each dollar expended. Accordingly, misuse of school property and/or funds constitutes unacceptable behavior. Employees must adhere to accepted procedures of sound accounting, reporting, business, and purchasing practices.

Every employee of the district has the duty to abide by this professional conduct policy in all respects. Failure to do so may lead to disciplinary action including dismissal or non-renewal from employment, referral to law enforcement authorities for prosecution, or other action appropriate to the nature, gravity, and effect of the relationship on students, other staff members, or school operations.

**CAMPAIGN ACTIVITIES
DURING REGULAR SCHOOL DAY**

The board of education recognizes and supports the right of its employees to be involved in political and union activities and to campaign for candidates and issues. However, the exercise of this right must not interfere with the educational process -- the delivery of educational services to the students of this school district. Campaign activities should not be conducted by employees on scheduled duty time and employees who are on duty should not be distracted from their duties by campaign activities conducted by employees who are not on duty. The board has determined that the following regulations are necessary to prevent such disruptions and to ensure that employees are properly performing their duties during the school day:

1. Employees may not engage in campaign activities during scheduled duty time.
2. "Campaign activities" include lobbying others for their support or contributions, circulating petitions, distributing literature, and planning or preparing for such activities. This includes activities undertaken individually or with other employees and any of which is done in regard to national, state, or local elections for offices or on referenda questions, including school board, millage levy, and bond issue elections, or in regard to elections for recognition or decertification of any employees' organization or for officers or any such organization.
3. "Scheduled duty time" means all times at which the employee is scheduled to engage in activities to fulfill his or her obligations under the employment contract, including but not limited to classroom instruction, lesson preparation, parent-teacher conferences, supervision of halls, classes, playgrounds, lunchrooms, or other areas, or of extracurricular activities; or in the case of non-professional staff, their assigned duties in the administrative, food service, transportation, maintenance, or other non-educational support area.
4. Campaign activities may be conducted outside of employees' scheduled duty time only in those areas of the school facilities which are set aside for employees' use during other than scheduled duty times.
5. Employees may not direct campaign activities toward other employees who are performing scheduled duties.
6. The use of threats, duress, coercion, or intimidation in campaign activities directed at other employees is prohibited and constitutes grounds for immediate disciplinary action, including dismissal.
7. School bulletin boards and mail boxes may not be used to post or distribute campaign materials.

8. Campaign materials may not be posted on school property. Items favoring one party or candidate, including buttons, hats, pins, t-shirts or other similar items, may not be worn by employees during the school day
9. Discussion of candidates, elections and other aspects of the political process must be conducted neutrally and for educational purposes only in accordance with planned lessons. Teachers are not permitted to disclose their political views or opinions to students.
10. Violation of this policy by any employee is grounds for disciplinary action, including but not limited to dismissal.

EMPLOYMENT OF FAMILY MEMBERS

Policy Statement: The board of education concurs with and supports the public policy stated in OKLA. STAT. tit. 70 §§ 5-113 and 113.1, limiting the employment of individuals related to members of the board of education. In addition, the board believes that the employment of individuals related by blood or marriage to current employees creates similar possibilities for conflicts of interest, favoritism or the appearance of favoritism, and disruption of the efficient and impartial administration of school business resulting from family conflicts.

Therefore, the board has determined that it is in the best interest of the district to adopt the following employment regulations:

1. "Family members" means individuals related within the third degree by consanguinity or affinity. Degrees of relationship shall be determined as provided by Okla. Stat. tit. 84 §§ 217 – 221.
2. The district shall not employ any family member of a current district employee if (a) one family member would, directly or indirectly, supervise or have disciplinary authority over another family member or (b) if one family member would evaluate another family member or (c) if the hiring of family members could result in a conflict of interest with existing vendors of the district.
3. Teachers presently employed who are family members shall not be assigned to the same school.
4. Non-certified individuals who are family members shall not be assigned to the same support departments.
5. Current employees who are family members and whose work assignments do not conform to these regulations may be reassigned as may be considered feasible by the administration. No current employee will be terminated because of such nonconformity with these regulations or because reassignment was not feasible.

**EMPLOYMENT REFERENCES -- RELEASE
OF INFORMATION REGARDING EMPLOYEES**

The district will respond promptly and professionally to reference requests regarding current and former employees. The human resource coordinator is the district's representative authorized to handle all such responses.

Unless an appropriate written release is submitted, the human resource coordinator is only authorized to release public records related to employment, to confirm an employee's dates of employment, and identify the position(s) held by the employee.

If an appropriate written release is submitted, the human resource coordinator will provide whatever information is authorized.

ESSA Mandate Compliance

All district employees are required to comply with the Every Student Succeeds Act's requirements related to employment references.

No employee may assist a school employee, contractor, or agent in obtaining a new job, apart from the routine transmission of administrative and personnel files, if the individual knew or has probable cause to believe, that such employee, contractor, or agent engaged in sexual misconduct regarding a minor or student in violation of the law.

EMPLOYEE APPEARANCE

The district board of education considers it important that each employee is well groomed, neat, and dressed appropriately for his or her job function. Our employees are the professional face we present to the communities we serve. Just as the appearance of our buildings and facilities communicate to our stakeholders the quality and commitment of the district in educating students, so does the appearance of our most important resource, our people.

Appropriate dress and hygiene are important in promoting the district brand and a positive image to our students, clients, visitors, tax payers and each other. The district has adopted a casual business dress code but it must be recognized that some positions and some situations may call for more formal business attire. This policy defines what the district considers to be appropriate appearance standards for all employees.

Employees Working Primarily in an Office Environment

The district observes a casual business dress environment. However, there may be situations requiring more formal business attire. An employee conducting or attending meetings, seminars, roundtables, in contact with other educational or business professionals or acting as a point of contact with customers and visitors to our facilities, is expected to represent the district in a professional manner and dress appropriately for conducting such business.

Employees Working in the Field, Warehouses, Cafeterias and Facilities Maintenance Environment

The district does not require uniforms in the workplace, but a standard of dress is required to promote a safe and productive working environment. As in an office environment, a field or facilities maintenance employee conducting or attending meetings, seminars, roundtables, in contact with other business professionals, or acting as a point of contact with customers and visitors to our facilities, is expected to represent the district in a professional manner and dress appropriately. Questions regarding appropriate dress should be promptly presented to employee's supervisor.

General Guidelines for Everyone

The district wishes to provide a work environment that is free of safety hazards, offensive behavior and harassment of any kind. Any item of clothing or apparel that is judged by the district to be unsafe, potentially offensive or harassing, provocative or distracting may be prohibited.

Regular Workday Clothing

Shoes should be in good repair and appropriate for the environment. An office environment work place suggests that shoes may be dressy or business casual. Permitted shoes for men

include dress shoes, boots, deck shoes; and for women are high heels, flats, dressy sandals or other shoes compliant with accepted business decorum. Employees whose primary work site includes instructional labs or shops, or employees whose job is in the field or facilities maintenance may wear safety shoes, or other foot wear approved by their supervisor. In shop or lab areas, closed-toe or safety shoes may be required. In any case, employees should select footwear with concern for safety and appropriateness to the environment in which they will be working.

Shirts and tops should be neat, laundered and without obvious signs of wear and tear. Shirts and other tops should be worn in a neat professional manner, cover the midriff and not allow for excessive exposure of the back, shoulders or chest of the employee. For men working in an office or indoor environment, shirts should have a collar; or if collarless, be suitable for wear with a sports coat or suit jacket. No top may feature an excessive number of, or excessively sized imprinted or embroidered words, logos or pictures. Shirts and tops bearing the district emblem are permitted.

Skirts, pants, and other like clothing should be neat, laundered and in reasonably good condition. All pants, trousers and similar clothing for men and women should fit properly and not include tags, designs, slogans, decorative openings or gaps, straps or other distracting features. Dress slacks, "Dockers", corduroy pants, are permitted. Employees whose primary work site includes instructional labs or shops, or employees whose regular work site is in the field, a warehouse or shop, or in facilities maintenance may wear laundered jeans (denim pants) that are in good repair.

Hats, caps and head coverings are typically not permitted in the classroom, labs or other office workplaces. Exceptions are made for safety equipment (hard hats), work primarily conducted outdoors, and facilities maintenance work. Head coverings (hats, caps, scarves) related to personal religious beliefs are permitted in all work places where safety would not be compromised.

Facilities employees engaged in mowing or other groundskeeping work, vehicle maintenance, construction activities in out-of-service areas, and other duties where dust, dirt, chemicals and environmental extremes are present, are permitted exceptions to the dress requirements of this policy by the appropriate supervisor during the time such work is being performed. In the conduct of such duties, the wearing of T-shirts, sweat shirts, and other normally prohibited apparel may be authorized. Facilities employees are not relieved from the requirements of appropriate dress and grooming when working in a manner or area where close contact with students, clients and visitors may occur.

Except as provided above, the following items are not acceptable in the district workplace at any time: bare feet, "flip flops" and any other style of footwear that cannot be described as business appropriate; shirtlessness, tee shirts (T-shirts), halter tops, tube tops, muscle shirts, sweat shirts, tank tops, spaghetti straps, athletic apparel (i.e. exercise suits); any shirt or blouse worn in a fashion contrary to usual and accepted business fashion; shorts, sweat pants, athletic pants, and excessively tight fitting or excessively baggy pants or trousers; "cut-offs" and clothing with frayed cuffs/hems; pajama bottoms; "sagging"; pants and skirts worn in a fashion contrary to usual and accepted business fashion; form-fitting spandex clothing; pants or skirts worn in a fashion where the midriff is exposed; sexually provocative clothing; clothing with profanity, slogans, jokes or intended humorous statements or pictures; nude or semi-nude pictures; sexually suggestive slogans, cartoons, or drawings; the observable lack of undergarments and exposed undergarments.

Supervisors are permitted to make exceptions to the requirements of this policy and procedure in light of a specific situation and need. As an example, if an office employee is required to participate in an unusual task, such as taking inventory of records stored in a warehouse, the supervisor may permit the employee to wear jeans and a tee shirt to work in order to accomplish that task.

Grooming

Employees are expected to take care in personal grooming to present a professional, intentional, and groomed appearance. While length of hair is not a subject of this policy, an employee's hair should be clean and maintained in a style not radically different from commonly accepted fashion or local standards of professional appearance. Facial hair should be trimmed and not be unkempt or otherwise create an appearance of neglect or excessiveness. Exceptions regarding employee hair and grooming are permitted based on religious beliefs held by the employee or legitimate recognized customs of the employee's particular culture or ethnicity. It is the policy of the district to respect cultural differences as far as practical for the district, and to make reasonable workplace accommodations for an employee's faith-based requirements.

Employees should be considerate of co-workers, students and visitors. Good personal hygiene is a must. The use of perfume and cologne should be limited out of courtesy to those who may have a sensitivity, such as an allergy, to these odors.

Body Modifications

Similar to attire, body art and other modifications should not be excessive, significantly prominent or overly distracting in appearance. When possible, an attempt to minimize the display of body modifications (prominent tattoos and piercings other than earlobes) should be undertaken in order to be consistent with community customs and standards of professional appearance.

Enforcement

Employees who are uncertain if an article of clothing or grooming standard is compliant with this policy should seek the guidance of the supervisor prior to wearing or otherwise exhibiting the clothing item or grooming style at work. Supervisors are responsible for the enforcement of this policy. Apparent violations of this policy should be handled discreetly and consist of a "closed door" meeting between the supervisor and the offending employee. The purpose of this meeting is to serve as a courtesy notice to the employee of an apparent violation of policy and preserve the employee's dignity, as well as allowing the employee a reasonable opportunity to remedy the violation. Supervisors should consult first with the next level of management before initiating or undertaking any disciplinary action resulting from apparent employee noncompliance with any provision of this policy and procedure.

REPORTING THREATENING BEHAVIOR

Reports to Law Enforcement

All district officers, employees and school board members have a legal obligation under Oklahoma law to report to law enforcement verbal threats or acts of threatening behavior which reasonably have the potential to endanger students, school personnel or school property. Under this policy, "Threatening Behavior" means any verbal threat or threatening behavior, whether or not it is directed at another person, which indicates potential for future harm to students, school personnel or school property. If a District official, employee or school board member reasonably believes that a person has made a verbal threat or exhibited threatening behavior which has the potential to endanger students, school personnel or school property, and—given the immediacy of the behavior—it is reasonable to do so, the individual should first report the matter to school administration.

Reports to Principal or Other School Officials

Instances of verbal threats or acts of threatening behavior which reasonably have the potential to endanger students, school personnel or school property should also be reported to the principal or other school official. This reporting obligation exists in all instances, including conduct at school or connected with school activities and conduct that happens off of school property. Accordingly, all employees have an obligation to notify the principal or other school official, if for any reason the employee believes that verbal threats or acts of threatening behavior have been made which reasonably have the potential to endanger students, school personnel or school property.

Immunity for Good Faith Reports

Oklahoma law provides that any district employee who in good faith makes a report to an appropriate law enforcement office has immunity from civil liability and employment discipline that might otherwise be incurred or imposed if the employee reasonably believes a person is making verbal threats or exhibiting threatening behavior.

**COMPLIANCE WITH STATE AND FEDERAL LAWS
REGARDING EMPLOYEE LEAVE AND PAYROLL PROCEDURES**

The board of education recognizes that the state or federal government may enact new laws and regulations that affect the District's leave policies for employees. The District will comply with such laws and regulations applicable to its employees.

To the greatest extent possible, the District will construe additional leave granted by a state or federal act to run concurrently with leave granted to employees under existing policies, procedures, and/or contracts. The District will implement any new mandated employee leave provisions consistent with any regulations or guidelines issued by the governing authority granting such leave.

Further, the District will comply with any state or federal laws applicable to the pay of its employees, including those applicable to the garnishment of wages.

When appropriate, the District will seek advice from local, state, or federal authorities and/or its legal counsel as to any obligations under newly issued laws and regulations.

FOSTER CARE PLAN

This plan addresses the requirements of the foster care provisions under Title I of the *Every Student Succeeds Act* (ESSA) that the district collaborates with Child Welfare Agencies and Tribal Child Welfare Agencies (CWAs) to ensure stability in education for children in foster care.

The district is committed to providing all students with educational experiences that are free from disruptions and recognizes that children in foster care often face barriers regarding enrollment, attendance, and school success. This policy is designed to promote stability for children in foster care so that they can continue their education without disruption, maintain meaningful relationships with peers and educators, and be ready to succeed in postsecondary education and careers.

This policy ensures that children in foster care have the same access to free, appropriate public education as other children and that students in foster care are not separated from the mainstream school environment because of foster care placement. This educational stability includes assurances that (1) a child in foster care will remain in the child's school of origin, unless a determination is made that it is not in the child's best interest in that school; and (2) if a determination is made that it is not in the child's best interest to remain in the school of origin, the child will be immediately enrolled in the school of residence, even if the child is unable to produce records normally required for enrollment.

School District Assurances

Each plan for ensuring the educational stability of a child in foster care will include the following assurances:

- Each placement of the child in foster care takes into account the appropriateness of the current educational setting and the proximity to the school in which the child is enrolled at the time of placement;
- The state child welfare agency will coordinate with appropriate local educational agencies to ensure that the child remains in the school in which the child is enrolled at the time of placement;
- If it is not in the best interest of the child to return to the resident school, the child will immediately be provided appropriate enrollment in the district; and
- The district will gather and maintain educational records and promptly send them to any district to which the student moves.

Foster Care Child Liaison (POC)

The district will assign at least one person to serve as a Foster Care Child Liaison or Point of Contact (POC). The POC may also be the homeless student coordinator. The name of this person will be annually submitted to the Oklahoma State Department of Education (OSDE) through the online Grants Management System by September 30th. If additional staff

members are needed to meet the requirements, the district will make assignments as necessary. The POC will work in the best interest of the child to ensure that all educational requirements are being met. The POC will have access to available training and materials to keep them informed of any changes to foster care laws. The POC will work closely with CWAs to:

- Coordinate with corresponding child welfare agencies on the implementation of Title I provisions,
- Lead the development of a process for making best interest determinations,
- Document best interest determinations,
- Facilitate transfer of records and immediate enrollment,
- Facilitate data sharing with child welfare agencies consistent with the *Family Educational Rights and Privacy Act* (FERPA) and other privacy protocols,
- Develop and coordinate local transportation procedures,
- Manage best interest determinations and transportation cost disputes,
- Ensure that children in foster care are enrolled in and regularly attend school, and
- Provide professional development and training to school staff on Title I provisions and the educational needs of children in foster care.

Decision-Making Process

To determine the appropriate placement of each child in foster care, a committee will meet that is comprised of the site administrator or representative, the POC, and a member of the CWA. In emergency circumstances, a CWA has the authority to make an immediate decision regarding a child's school placement, then consult with the district and revisit the best interest determination for the child. The determining factors that may be evaluated include the following:

- Proximity of the resource family home to the child's present school;
- Safety considerations;
- Age and grade level of the child as it relates to the other best interest factors;
- Needs of the child, including social adjustment and well-being;
- Child's performance, continuity of education, and engagement in the school where the child presently attends;
- Child's special educational programming if the child is classified;
- Point of time in the year;
- Child's permanency goal and likelihood of reunification;
- Anticipated duration of the placement;
- Preferences of the child;
- Preferences of the child's parent(s) or educational decision maker(s);
- The child's attachment to the school, including meaningful relationships with staff and peers;
- Placement of the child's sibling(s);
- Influence of the school climate on the child, including safety;
- Availability and quality of the services in the school to meet the child's educational and socioemotional needs;
- History of school transfers and how they have impacted the child;
- How the length of the commute would impact the child, based on the child's developmental stage;

- Whether the child is a student with a disability under the IDEA who is receiving special education and related services or a student with a disability under Section 504 who is receiving special education or related aids and services and, if so, the availability of those required services in a school other than the school of origin; and
- Whether the child is an EL and is receiving language services, and, if so, the availability of those required services in a school other than the school of origin.

* Transportation costs will not be considered when determining a child's best interests.

In the event of a disagreement regarding school placement of a child in foster care, the child welfare agency should be considered the final decision maker in making the best interest determination. The child welfare agency is uniquely positioned to assess vital non-educational factors such as safety, sibling placements, the child's permanency goal, and other components of the case plan. The child welfare agency also has the authority, capacity, and responsibility to collaborate with and gain information from multiple parties including parents, children, schools and the court in making these decisions.

Enrollment of Students

Foster care parents, social workers or other legal guardians will be allowed to immediately enroll children in the district. The district understands that all necessary paperwork (birth certificates, shot records, academic records, special education records, etc.) may not be immediately available and wants to provide a smooth transition for the student into the district. The district will contact the child's home school district for records and make adaptations as needed. After enrollment, the following guardianship or legal custody documents shall be provided for verification by the foster family or CWA:

- Power of attorney
- Affidavit
- Court Order

IDEA Students

Part B of the IDEA directs school districts to make a Free Appropriate Public Education (FAPE) available to all eligible children with disabilities in the Least Restrictive Environment (LRE). FAPE under the IDEA includes the provision of special education and related services at no cost to the parents in accordance with a properly developed Individualized Education Program (IEP). Each child's placement decision must be made by a group of knowledgeable persons.

The district will operate in accordance with all state and federal laws regarding special education students. Special education services will be provided to foster care students just as they are to all district students following the guidelines below:

- Educational placement will be determined annually and will be based on the child's IEP in accordance with the child's individual needs;
- The child will be placed in the least restrictive environment and, unless they require some other arrangements, will attend the school that he/she would attend if not disabled;
- Timely and expedited evaluations and eligibility determinations for highly mobile children with disabilities will be made when possible;

- Children in foster care will have access to related aids and services that are designed to meet their educational needs;
- Children will have access to comparable services including summer and extended school year services if applicable; and
- Children in foster care will not be discriminated against and are considered a protected group.

EL Students

The district will ensure that EL students in foster care will participate meaningfully and equally in educational programs by doing the following:

- Identifying and assessing all potential EL students in a timely, valid and reliable manner;
- Provide EL students with a language assistance program that is educationally sound and proven successful;
- Sufficiently staff and support the language assistance programs for EL students;
- Ensure that EL students have equal opportunities to meaningfully participate in all curricular and extracurricular activities;
- Avoid unnecessary segregation of EL students;
- Ensure that EL students with disabilities are evaluated in a timely and appropriate manner for special education and disability-related services and that their language needs are considered in these evaluations and delivery of services;
- Meet the needs of EL students who opt out of language assistance programs;
- Monitor and evaluate EL students in language assistance programs following federal guidelines;
- Continue to evaluate the effectiveness of school district language assistance programs and progress of each student; and
- Ensure meaningful communication with the parents of the students.

Transportation

The district will collaborate with the CWA to develop and implement clear written procedures governing how transportation is provided to maintain children in foster care in their schools of origin and will also work with the CWA to reach an agreement regarding transportation costs. The agreement will cover how transportation will be provided, arranged, and funded for the duration of the child's time in foster care. Each agreement can/will vary greatly because the needs of each child should be considered in making transportation decisions.

The regular transportation policies approved by the district will be followed in transporting foster care students. Drivers will be appropriately licensed, certified, and have required DMV and background checks. Various public school vehicles may be used to transport students depending on circumstances. Students who must be transported out-of-state will be approved by the school board as required by Oklahoma law.

Student Records

The district will share education records with the CWA as allowed by FERPA and the IDEA. This allows educational agencies to disclose educational records of students in foster care to State and Tribal agencies without parental consent.

WARNER PUBLIC SCHOOLS BOARD OF EDUCATION POLICY	<i>Employees</i> Adopted: March 9, 2023 Revised: October 8, 2024

LACTATION POLICY

The purpose of this policy is to provide school district employees who are lactating with accommodations should they desire to express breast milk during the workday while separated from their newborn child.

The board of education shall provide any employee who is lactating reasonable paid break time each day to use a designated lactation room for the purpose of maintaining milk supply and comfort. The break time may run concurrently with any break time, paid or unpaid, already provided to the employee. If the break time is unpaid, the lactating employee must be completely relieved from duty.

The board shall make a reasonable effort to designate a private, secure and sanitary room or other location, other than a bathroom, where an employee can pump or express her milk or breastfeed her child. The designated area shall be a space where intrusion from co-workers, students and the public can be prevented, and one where an employee who is using this area can be shielded from view.

Any employee who has experienced gender-based harassment, discrimination, bullying, or similar misconduct, including discrimination based on a pregnancy-related condition, or has additional questions regarding the information contained in this policy should contact:

TELEWORK DURING EXTENDED SCHOOL CLOSURE [OR FOR INTERMITTENT USE]

THIS POLICY SHALL BE IN EFFECT WHEN DISTRICT SCHOOL SITES ARE CLOSED FOR AN EXTENDED PERIOD DUE TO EXIGENT CIRCUMSTANCES[OR WHEN INTERMITTENT TELEWORK ARRANGEMENTS ARE WARRANTED]; THESE PROCEDURES WILL NOT BE USED WHEN THE DISTRICT IS OPEN FOR IN-PERSON INSTRUCTION[EXCEPT AS DETERMINED NECESSARY BY THE SUPERINTENDENT].

The board of education, while preferring that all District employees perform their work duties at their Primary Work Locations, does recognize that under certain extenuating circumstances it may be necessary to require or authorize some District employees to work from an alternative work location.

The purpose of this policy is to ensure the District is able to effectively continue educating and serving its students when it is required to temporarily close District work sites for an extended period due to extenuating circumstances, including, but not limited to, pandemic health emergencies and closure orders from federal, state, or local authorities[or when the Superintendent determines that intermittent telework arrangements are necessary and meet District needs].

DEFINITIONS

- **District Work Location:** A location, either on or off District property, to which a Teleworking Employee must physically report to complete a task or work assignment by his/her supervisor.
- **On-Call:** A work assignment where the employee is considered “at work,” though not physically present at his/her Primary Workplace, by being immediately available and accessible by electronic or telephonic means during the employee’s regular work hours, including any other designated hours due to a staggered or alternate work schedule, and who is required to physically report to a District Work Location or the Teleworking Employee’s Primary Workplace when directed by their supervisor.
- **Primary Workplace:** The Teleworking Employee’s usual and customary workplace or work site.
- **Telework/Teleworking:** A flexible work arrangement in which the superintendent or designee directs or allows Teleworking Employees to perform their essential job functions at pre-approved Telework Locations in accordance with their same performance expectations.
- **Telework Employee(s)/Teleworking Employee(s):** District personnel who have been authorized by District administration to Telework during a Telework Event to produce an agreed upon work product and/or complete work-related duties. This includes support personnel who are working On-Call.
- **Telework Event:** A potentially recurring situation during which time designated employees may Telework in lieu of physically reporting to their Primary Workplace.

- **Telework Location:** A work site or space not owned or leased by the District, but which is an approved location from which Teleworking Employees may perform their assigned job functions, which can include an employee's home. A Telework Location is one which is safe, secure, free of undue distractions, adequately equipped to allow the Teleworking Employee to complete assigned work tasks and duties, and one which allows the employee to be immediately available and accessible by electronic or telephonic communication means during regular work hours and any other assigned or designated hours (e.g., required office hours pursuant to any virtual or distance learning policy).

GENERALLY

In circumstances which necessitate extended cessation of in-person instruction and/or closure of some or all District work sites, the District considers Telework to be a viable alternative work arrangement for the delivery of instruction and services to students from designated certified employees and support staff. Therefore, under certain circumstances, the board of education (board) delegates authority to the superintendent or designee to designate employees, individually or collectively, who may or must Telework until further advised.

Teleworking, in part or whole, will continue as an acceptable work arrangement as long as, in the superintendent's sole discretion, such conditions continue to exist which necessitate the use of Teleworking as a means to deliver instruction and/or services to students. The superintendent will consider local, state and/or federal guidance related to the Telework Event when making this determination.

The decision of whether Telework is appropriate or required for a particular employment position is at the sole discretion of the superintendent. The superintendent or designee is authorized to establish any necessary guidelines or procedures to be used in identifying suitable work positions and employees who are eligible to Telework and may require any employee to Telework or not Telework. Teleworking arrangements may be discontinued at any time with reasonable advance notice.

Telework may be appropriate for some employment positions and employees; however, Teleworking is not an entitlement. Telework may be denied to certain employees at the sole discretion of the superintendent or designee, and any such denial is not appealable to the board. The superintendent's discretion under this policy shall, in compliance with federal and state antidiscrimination laws, be exercised in a non-discriminatory manner.

Notwithstanding the provisions above, if the assignment or denial of Telework to an employee effectively results in a demotion, suspension, or termination, this policy shall not prevent a qualified employee from exercising due process rights under the district's policies related to that demotion, suspension or termination.

Not all employees may be eligible for Teleworking. Employees who may not be eligible to Telework can include, but are not limited to, those employees that are identified as emergency personnel, members of critical infrastructure pursuant to any federal or state order, or employees whose physical presence at their Primary Workplace is essential to the performance of their duties (e.g., food service, maintenance, administrative personnel, etc.). If an employee is not eligible for Telework and the employee is unable to work during assigned hours, the employee may be required to take any available accrued leave,

whether paid or unpaid, in compliance with relevant District leave policies, unless the employee is eligible for other state or federal leave benefits available at the time.

Neither this policy, nor the procedures outlined herein, are intended to and do not confer additional employment rights on any District employee, including the right to Telework or be assigned to a position that is eligible for Teleworking under this policy.

The board reserves discretion to overrule or modify the superintendent's decisions to permit, require, or terminate Telework under this policy.

TELEWORK LOCATION APPROVAL:

Any and all telework locations must be approved prior to the employee beginning telework assignments. It is the duty of the employee to provide the address of the telework location to the superintendent/designee and to receive written approval within a reasonable time frame prior to commencing telework. No employee shall commence telework without written prior approval of the telework location by the superintendent or designee. The requested telework location may be denied to employees at the sole discretion of the superintendent or designee. Telework out-of-state will not be approved due to the myriad tax, employment and other issues presented when employees seek to work in out-of-state locations.

If an employee wishes to work from an alternative location, other than the pre-approved location, the employee must give two weeks' notice to the superintendent/designee including the new address of the location and reason for the relocation. The employee must receive written approval prior to commencing telework in the new location.

All teleworking employees must be available to report to the district worksite location at all times during work hours unless a health consideration exists.

CONDITIONS OF TELEWORK

Employees may not Telework on a full-time, permanent basis. Teleworking Employees shall adhere to all applicable District policies and procedures, unless specifically preempted pursuant to this policy.

Employees who Telework via electronic means must be computer literate and have access to a pre-approved, appropriate Telework Location, along with the required computer and telecommunications resources necessary for completion of work responsibilities. District-owned software may be installed on a Telework Employee's personal computer equipment in compliance with and subject to applicable software license agreements and must be removed from the employee's personal electronic equipment upon direction by District Administration. In all cases, if an employee separates from the District for any reason, all District software must be removed from the employee's personal electronic equipment.

Employees must seek prior approval to remove district technology or equipment from the pre-approved telework location. Absent approval, teleworking employees may not remove district technology or equipment from the pre-approved telework location for any reason.

Teleworking Employees must be available by phone and email during their regularly-scheduled work hours and during any alternate or staggered schedule hours as necessary under the circumstances and assigned by the employee's supervisor (e.g., scheduled office hours pursuant to any virtual or distance learning policy). Attendance at the employee's

Primary Workplace for mandatory on-site meetings, training sessions, or other official District business activities is required when scheduled by the District.

On-Call Employees must be immediately available and accessible by electronic or telephonic communication means during the employee's regular work hours, including any other designated hours due to a staggered or alternate work schedule, from their Telework Location and are required to physically report to a District Work Location or the Teleworking Employee's Primary Workplace when directed by their supervisor.

All District and professional standards of performance and conduct that apply in the employee's Primary Workplace continue to apply at Telework Locations. Furthermore, employees shall adhere to all District policies, rules, and regulations while Teleworking. Employees with questions as to how a specific policy or procedure will be effective in the Telework environment should contact their direct supervisor for guidance.

The District may, but is not required, to give the employee a list of directives regarding teleworking in relation to this policy. Any work-related injuries that occur while the employee is teleworking must be reported to the District.

IMPACT ON SALARY AND BENEFITS

Any change in salary and hourly pay or benefits will be done in accordance with Oklahoma law. Teleworking employees unable to Telework due to illness or other reasons should contact their supervisor in accordance with District leave policies.

TELEWORKING AS AN ADA ACCOMMODATION

This policy does not apply to employees who Telework as an accommodation under the Americans with Disabilities Act (ADA). Should the District determine that Teleworking is a reasonable accommodation under the ADA and does not impose an undue burden on the District, the District and employee shall follow the District's applicable ADA accommodations procedures and policies with respect to such accommodation.
