

WE ARE WARNER

March 9, 2020

Dear Warner Community,

I, like many other citizens, have been watching the development of the Coronavirus cases daily. In order to ensure our school continues to be a safe learning environment we have been taking extra precautions similar to those generally taken during the height of flu season. We continually disinfect classrooms, hallways, restrooms, school vehicles, etc... and we are consistently asking students to wash their hands, sneeze and cough appropriately, and use tissue.

Spring Break is next week, often it is an exciting time for planned activities and trips. I truly hope everyone enjoys and has a great, safe Spring Break. Other than the information listed below, your Spring Break plans should be good to go and we look forward to resuming school as usual after the break.

The Oklahoma State Department of Education has released the following information considering any major travel plans for anyone connected directly or indirectly with a public school.

Message from Oklahoma State Department of Education: Individuals returning from travel to China, South Korea, Italy, Iran, Japan or any other [Level 2 or 3 country](#) as identified by Centers for Disease Control and Prevention (CDC) should self-quarantine for a period of 14 days before returning to school. This applies to all students, teachers, and other school or district staff.

Please contact my office directly if you have any travel plans, you are not cancelling, to any of the areas listed above. This contact will be very important to plan for you or your child's return to the school environment. (918) 463-5171

Thank You,

David Vinson, Superintendent
