

WE ARE WARNER

****Correction**** Breakfast and lunch served during the time of school closure, March 23rd - April 6th, will be **FREE** for all students.

We will be serving drive thru and offering delivery. Please email cjackson@warner.k12.ok.us as soon as possible for our planning purposes. Let us know if you will be picking up at the elementary cafeteria or if you will need delivery assistance. Please only request delivery assistance if this option is an absolute need.

Friday we will send out a specific plan for meal pick up/delivery, which will begin on Monday, March 23rd.

Homebound Education Plan – Our team of administrators and teachers have developed a Homebound Education Plan, we are ready to roll out the details should it become necessary. Until that time, just let kids be kids, that's not a bad thing.

Currently, the Oklahoma State Department of Education specifically stated that during the “cessation of school” instruction would not be pushed into the home, all instruction is on hold statewide. If, or when that directive from the SDE changes we are ready to provide instruction to our students in a homebound environment.

Thank You,

David Vinson
